Ideas Behind the ASK-Program and Other Meditations

[The Triangles Meditation on Wednesdays; Comprehensive Broadcast Link](#)

This Meditation is **done by us on every Wednesday, the Day of Mercury (the fourth Ray day)**. Triangle work is one of the most important and needed types of Spiritual Work offered by master D.K at this time. The Triangles Meditation is to be **done every day** by aligning with the group members in your small Triangles Network and with the great Triangles Network, and distributing the energy of Light, Love and Goodwill.

Great Shamballic Beings (Who were Planetary Logoi in the previous solar system) the three Buddhas of Activity, can use the Triangles Network at a time of planetary emergency. Let us make sure to create a *living* network of Triangles to *be used every day* and still more frequently in times of great planetary emergency. The global Triangles Network is a conduit or the energy of the planetary Soul as it flows through the etheric body of humanity.

[Preparation for the Reappearance of the Christ on Thursdays; Comprehensive Broadcast Link](#)

Thursday, the Day of Jupiter (the second Ray day). This great, impending spiritual event (the Reappearance of the Christ) is the reason why so many disciples and aspirants were born at this time – a time of great transformational change on Earth. We are living in the Era of the Forerunner until the year 2025. We are enjoined to do all we can for those great events: *the Externalization of the Hierarchy and the Reappearance of the Christ*. We were all called to support this vital preparatory work. We have “*no other life intention*”.

[Dissipation of Glamour Webinars on Fridays; Comprehensive Broadcast Link](#)

This Meditation, given by Master D.K in His book, *Glamour: A World Problem*, is to be **done every Friday, the Day of Venus (the fifth Ray day)**. Glamours are the reason for the existence of so many confusions in the mental and emotional fields of humanity and are responsible for many misdeeds based upon those confusions. When we dissipate glamour and dispel illusion, we at last learn to see *Reality as it is!* These Glamour meditations offer us to participate scientifically and occultly in the work done by the soul infused mind.

[The Soul of Nations Meditations on Saturdays; Comprehensive Broadcast Link](#)

*These meditations are to be **done every Saturday, the Day of Saturn (the third Ray day)**. These meditations are designed to facilitate an emergency spiritual response to the many human tragedies occurring everywhere on our planet. A new enemy – terrorism – has manifested on physical plane and has risen to challenge human lives and the soul values which humanity has already attained. Master D.K emphasizes how the New Group of World Servers and the Spiritual Hierarchy of our planet must be evoked to meet these dire challenges. We need to evoke the soul of every nation. **NOTE:** *Every now and then we will also have on the same day the Triangle **Webinars**, either in the morning or evening according to the ASK-schedule of the day.**

In “Discipleship in the New Age I”, page 543, D.K says:

*“The world emergency is such that those who are affiliated with or who are members of the Hierarchy are calling **for all the conscious creative aid that we can find**. I call on you.”*

[Attracting Money for Hierarchical Purposes on Sundays; Comprehensive Broadcast Link](#)

*This Meditation also given by Master D.K in Discipleship in the New Age, Vol II, **is to be done every Sunday, the Day of the Sun (the second Ray day)**. Huge quantities of money (“flowing golden substance” as Master DK calls it) are needed to prepare the way for the Externalization of the Hierarchy and the Reappearance of the Christ and fulfil the Plan on Earth. We need to grow in our consciousness and become trusted and effective workers for the Hierarchy and learn to contemplate the right use of money by aligning with the Ones who are leading the human Race.*

In the book “The Externalization of the Hierarchy”, page 558; D.K says:

“...even the Hierarchy works through normal channels and needs money, and even the Christ has need of financial resources in order to reach the needy sons of men. I ask your aid and I await your decision.”

[Pre-Full Moon Webinars; links sent separately](#)

These meditations are presented as Webinars rather than as Broadcasts before the Full Moon. They usually occur close to the actual time of the Full Moon about a day before, sometimes two days before. They deal largely with an astrological and rayological approach to the zodiacal energies focally available at each particular Full Moon. These Webinars are a kind of ‘warm-up’ for the meditation and prepares us for the sacred time of the Full Moon.

Full Moon Monthly Meditation at the Time of the FM; links sent separately

This meditation is to be done during a time period including the exact moment of the Full Moon. Such extremely potent spiritual moments are supremely important times for disciples to gather and to work meditatively together. A powerful monthly rhythm can thus be established when large numbers of disciples all around the planet can tune-in to powerful planetary, extra-planetary and cosmic energies and work meditatively for the manifestation of the Divine Plan according to their individual and group responsibilities. The Full Moon periods are times of indispensable spiritual approach. Master D.K has promised that he would be available to meditating disciples and aspirants at that time.

In "Discipleship in the New Age, Vol. I", page 25, D.K says:

"..at the time of the full moon—it is almost as if a door suddenly opened wide, which at other times stands closed. Through that door, ingress is possible; through that door or opening, energies can be contacted which are otherwise shut off; and through that door approaches can be made to the planetary Hierarchy and to reality which are at other times not possible".

Other Broadcasts; links sent separately

These are done according to the needs of the moment or during emergency situations. In performing all these meditations, we are constantly strengthening the power of our group alignment and our ability to perform spiritual work more effectively. We labour with intense meditative focus to strengthen and bring forth the needed redemptive energies for the benefit of all planetary Kingdoms of Nature (especially the human kingdom) and the benefit of our planet as a whole. In the future we will hold meditations also for: *Right Human Relations, Freedom, Global Warming, the Problems of Humanity etc....*

We will respond for the need by increasing our spiritual commitment and not by fading away under the pressure of circumstance.

Blue Rose Broadcasts; links sent separately

The meditations occurring at the times of Solar Ingresses for each sign will be offered to everyone. Visitors are welcomed to participate in Deity Yoga by meditating on one special Name of Lakshmi (Venus) related to that particular ingress. Some of the broadcasts for the Blue Rose Sisterhood are reserved for members only.
