- Vulcan and Pluto, rulers of the 1st ray are placed in Taurus and Capricorn, respectively, and Jupiter/Pluto conjunction in Capricorn, emphasizing the energies of the Stellium in Capricorn during the week of the NGWS.
- The NGWS also work with 7 years cycle and one of these started in 2012 and Climax in 2019 and we have already discussed the climaxing energies with the presence of many planets in Capricorn including the Solar Eclipse in Capricorn.

FOUNDING OF THE NGWS The first movement towards the anchoring of the NGWS upon the physical plane started in 1925, the year of hierarchical conclave and climaxed in 1934.

An instruction upon the NGWS sent out in wide distribution of the pamphlet entitled *The Next Three Years*, in October 1934 (Sun in Libra) signaled the anchoring of NGWS upon the physical plane. Significantly, Uranus, the esoteric ruler of Libra was in Taurus, the sign ruling the NGWS.

The ingress of Uranus into Taurus occurred on 6 June 1934 at 3:42 pm with the AS in Libra [28:05].

In His letter October 10 1934 [Libra Sun] Master DK utilized the energies of the Solar Eclipse in the appeal to His disciples for cooperation and help, to intensify their effort with the distribution of the pamphlet to educate the public opinion within the next 2 years.

On 8 October 1934 there was a New Moon/Solar Eclipse in Libra [in 14 : 38 Aquarian decanate of Libra], with Aquarian AS [4:57]. There were 4 planets in Libra (Sun, Moon, Venus, Jupiter). Uranus, ruler of Libra and Aquarius and dispositor of the planets in Libra was in Taurus, in opposition to Venus in Libra, ruler of Taurus and Libra.

It is interesting that He selected the month of August for all of them where on 12 August 1942 there was Solar Eclipse in Leo [2:28 am GMT in 18 Leo 45], with 5 planets in Leo where the Sun is the ruler of all the three conditions of Leo – exoteric, esoteric and hierarchical and thus applied to all His disciples at their relevant levels of consciousness and initiatory process.
