Rereading the letter you sent a few months ago, your wish was to have a talk with Vietnamese students, but illness and more urgent work prevented that wish from being fulfilled:

"I really would like to spend time with students directly--the Vietnamese Group and other groups in South America, Europe, USA etc. My days on the outer plane may be limited except for my Will to Persist--we will see. But there is so much to learn and to transmute, transform and transfigure So I rely upon Will and a 'little help from my Friends' With Brotherly Love and deep appreciation,"

BARDO THODOL

Evans Wentz Introduction

"This book is the first English language translation of the famous Tibetan death text, The Great Liberation upon Hearing in the Intermediate State. Also known as the Bardo Thodol which means "liberation by hearing on the after death plane"

It was originally written in the Tibetan language and is meant to be a guide for those who have died as they transition from their former life to a new destination." (Oxford University Press)

THE SOUNDLESS SOUND OF OM

"I would suggest here, that students accustom themselves to work in this manner, sounding the word audibly and with much frequency at the close of the morning meditation, but emphasizing in the early part that close attention to the inaudible hearing which will develop the sensitivity of the inner ear, the etheric ear. Later, when the personal note or sound is established and the inner sound is sensed, there can be definite practice in blending

From Hierarchy – “Merging into the waves of the Infinite, we may be compared to flowers torn away by a storm. How shall we find ourselves transfigured in the ocean of the Infinite? It would be unwise to send out a boat without a rudder. But the Pilot is predestined and the creation of the heart will not be precipitated into the abyss. Like milestones on a luminous path, the Brothers of Humanity, ever alert, are standing on guard, ready to lead the traveler into the chain of ascent”.

From BL to Everyone:

THE CHALICE (From the Rays and Initiation, p768)

The lower chalice rises like a flower of colour dark or somber. Dull it appears to the outer vision, but within a light will sometime shine and shatter the illusion.

Chalice the second rises from out the lower sheath as does the flower from out the calix green. Of colour rose it is, and many shades thereof; and to the onlooker it seems as if the colour might transcend the inner shining light. But this is but illusion which time itself dispels.

Chalice the third surmounts all and opens wide in time its outspread petals. Blue does it appear and blends with the rose, forming at first a deep impenetrable shade which shuts out the light.

Within the three, deep hidden in the heart, tiny at first yet ever waxing greater, shines the light divine. This light, through radiating heat and innate divine vibration, constructs for itself a sheath of iridescence. It emerges from the threefold chalice as a floating bubble alights on a flower.

Within this iridescent sheath burns the inner Flame, and in its turn it burns out the lower gross material. E'en as the Path is neared, clearer the light shines out. Forth through the chalice gross and dark that forms the foundation shines the light supernal, till all who see the radiation cry out within themselves: "Behold, a God is here."

Forth from the chalice rosy red shines the inner glow, till soon the red of earth desire becomes the glow of heaven's fire, and all is lost save aspiration that shades not the cup with karmic colour.

Forth from the chalice blue shines and glows the inner light divine till all the forms are burnt and gone, and naught is left save one divine abstraction. Naught but the shells remain below, naught but the forms for use, and at the culmination what strange event is seen? Tarry, O Pilgrim, at the strange appearance, with bowed head watch the progress of the fire. Slowly the chalice threefold merges into an altar, and from that triple altar mounts the fire unto its Source. As mounts and spreads the inner flame, the beauty of the central sphere, lit with a radiance white, causes the worlds to stand and cry: "Behold, a God is here."

Ever the flames mount higher, ever the warmth streams forth, till—in the moment of the hour set—the flame destroys all, and all is gone, the work of ages passes, in a moment, into nothingness.

But forth from the fourfold fire, up from the altar of the ages, springs the Liberated One, the Flame. Back to the fire of Cosmos springs the dual flame. Into the Three is absorbed the essence, and becomes one with its Source. The Spark becomes the Flame, the Flame becomes the Fire, and forms part of the great Cosmic blaze that holds the secret of the Five hidden within the heart.

February 7, 2022. I cried so hard when I heard the news that maybe... just tomorrow, the beloved Master MDR won't be able to get over his fatal illness. I know all the theories about death, but I still feel miserable...Teacher, I'm studying English by myself so that one day I hope to hear from you, but that fantasy has disappeared. So I cry and mourn you because of my selfishness? I often listen to his lectures in the last days, there he choked, because of cough, because of many pains, but still struggled to chant the syllable OM, but over the years, I still follow you to ring so sacred, so loving. My heart aches when I see it all, yet I still yearn and pray that I can still hear directly from you. I'm selfish. Now and tomorrow? Selfishness can't do anything. Now I'm as inert as

Em biết mọi lý thuyết về cái chết, nhưng em vẫn thấy khổ quá...Thầy Hiệu trường ơi, em đang miệt mài tự học tiếng Anh để có ngày em hy vọng sẽ nghe được thầy giảng, nhưng mộng ảo ấy vụt biến. Vậy là em khóc và thương tiếc Thầy cũng vì cái vị kỷ của em hay sao? Em thường nghe những bài giảng của Thầy trong những ngày cuối cùng nhất, ở đó Thầy nghẹn lại, vì ho, vì nhiều sự đau đớn mà vẫn gắng sức xướng lên linh tự OM mà những năm qua, em vẫn theo Thầy để ngân rung thật thiêng liêng, đảm thắm. Lòng đau thắt khi chứng kiến tất cả, vậy mà em vẫn mong mỗi khẩn cầu em còn được nghe trực tiếp từ Thầy. Em thật ích kỷ. Giờ đây và ngày mai ư? Ích kỷ cũng chẳng làm gì được. Giờ này em trơ trơ như người mất hồn. Em không viết được Phúc trình. Em không làm được gì cả. Em sẽ không khóc nữa, Thầy ơi, em giờ Webinar cũ Thầy vẫn còn đó đấy thôi, mà sao em không kết nối được với Thầy??

Island, by Aldous Huxley

"Dr. Robert slipped an arm under the emaciated body and lifted it into a sitting posture. The head drooped sideways onto his shoulder.

"My little love," he kept whispering. "My little love . . ."

Her eyelids fluttered open for a moment. "Brighter," came the barely audible whisper, "brighter." And a smile of happiness intense almost to the point of elation transfigured her face.

Through his tears Dr. Robert smiled back at her. "So now you can let go, my darling." He stroked her gray hair. "Now you can let go. Let go," he insisted. "Let go of this poor old body. You don't need it anymore. Let it fall away from you. Leave it lying here like a pile of worn-out clothes."

..... Go on, into the Light, into the peace, into the living peace of the

Clear Light ..."

Michael - pausing a bit - pausing for a bit and reviewing his life thus far, where he is now, where he was before, where he came from, the impact his life has had on others, the price, the toil, the toll of his decision to pursue the life he chose...all the while he is taking inventory of his life, determining his status as a member of the human race, & perhaps for the first time he feels a sense of mortality, wondering what, where, who he will be when it's finally completed. The permanent atoms gathering all his experiences...allowing his personality to fall away, the angels gathering his Soul & taking him to the bardos...We who love him will follow him & direct him towards the Light of Day. From vln to Everyone:

What a joyous day! Due to your love for The Tibetan, I thought you might enjoy knowing about the discovery of the planet he prophesied on EA page 308. See my note to Phillip Lindsay below.

Since you serve this Master so beautifully, I will ask you, together with other fellow esoteric astrologers, to meditate on a name for this new planet. Maybe the Tibetan will whisper in your ear. For posterity and to honor the Hierarchy, it must have the right name. [I think Richard Tarnas would call it Prometheus. Someone will have to ask him.]

All good wishes for your continued good health and much gratitude for all the work you do.

Dear Michael, dear Brother,
I am deeply saddened to bid You farewell.

For over thirty years, You have been my teacher on the physical plane, from the first Australian MSE to the many hours (perhaps thousand of hours?) of your video lectures, to your conferences and your books, which I have poured over for so long that the pages are falling out.

Great has been your contribution.

Great indeed, and rare is your soul.

Few have ever achieved what you have achieved in this Life, within yourself.

Your passing is akin to the passing of a great saint, a world teacher, and this is no exaggeration.

This I know. There are no secrets between us.

There is no death, but nevertheless, I shall miss your lectures and our private correspondences, your wisdom, your insight, your Great Mind, your Identification with the One, and your compassion.

Go in Peace Brother. We shall meet again.

My Brother on the Path, Spiritual Father and Friend Michael,

It is with gratitude that I contemplate your presence and with dismay your eventual absence. I am blessed to know you and to have had the opportunity to share a little of this life with you. Even what I called "Opera Therapy" - those masterpieces of Esoteric Synthesis - are now recalled with a smile. Debating whether the universe is wave or particle and with gusto taking opposing sides and then swapping to argue the converse is etched in my mind as a fond memory. You are leaving a deep mark within the hearts of all those that you have touched and will be sorely missed ... until we meet again and I am certain we will my friend. Love, Light and Power, Michael Weisenberger

From Peg Rosenkrands to Everyone:

Dear Michael, One of the most beautiful gifts you have given to all of humanity are the three Fire rituals for Aries (Electric), Taurus (Solar) and Gemini (Solar). They are the New Catechism for a new world of wholeness, and I can imagine whole gatherings of humanity listening to them "en mass" in the decades to come. It is the TEACHING put to soaring music, which you, Harold and the opera singers accomplished together. They lift and cause one's spirit-soul to soar in gratitude and beauty for the deep and healing message of ONENESS so badly needed today. The books that accompany them explain, in 'meticulous entirety' how this ONENESS can be so, and it is marvelous, to say the least. What HEALING comes when one takes them in. They will bring a collective healing to humanity and the planet as well.

Our beloved teacher deeply understands the collective work, and changes the center of activity from himself to the center of the group. He can work around the clock continuously, the programs of lectures and discussions on the Webinar. Our beloved Michael D. Robbins is truly an "outpost of the Master's consciousness" because in addition to the Ego's consciousness in himself, the Master is also the center of the MF Union and the Director of the Seven Rays University, the animating force. Units and groups belong to the Union of Schools and unite them into a homogeneous whole.

Deep gratitude and love to our beloved teacher

Michael David Robbins

The transitioning of a truly great man whose presence has enriched the entire planet and whose song will echo through the gates of eternity forever.

It will one day be more fully recognized by the greater occult community that Michael Robbins fell into the category of a Ray or teaching Avatar.

We normally associate the idea of an Avatar with those stupendous lives that life outside of our system altogether but there are other categories that are not well recognized. These lesser avatars are termed "teaching and ray avatars" and are direct representatives of these higher beings because they are open to the stimulation and force that emanates from the mental plane and above. In this case with MDR he has clearly demonstrated in his

guidance and creation of one of the first preparatory esoteric schools to emerge at this time historically to be built along scholarly lines and excel at embodying the wisdom aspect of the great 2nd ray.

Here are a few categories that this idea can be clearly demonstrated.

1. Encyclopedic Knowledge and memory of the ancient Wisdom Teachings that was the main force not only behind the University of the 7 rays as well as the Morya Federation creation but many other pilot groups whose students he taught or was in some way affiliated with.
2. His ability to cross-reference different traditions or occult areas of study such as ray psychology with esoteric astrology were there was a clear demonstration that there is really only one externalizing school under the guidance of The Lord of the World and his representatives in Shamballa and the Hierarchy. This 7th ray synthesis clearly grounded all of the 7 rays under what DK termed the "Principal of directed Purpose which is the sum total of all the 7 rays used in new and creative ways.

MDR also demonstrated with his overshadowing by Shamballa the grounding of the 1st ray directly onto the physical 7th plane of practical manifestation where the highest and lowest meet.

2. DK has stated that the only ray that must be found in all externalizing esoteric groups irrespective of their ray affiliation or expression at this time is the 5th ray. It is the ray that cements or binds all the externalizing esoteric groups schools together in their practical application and can go under the category of a true Aquarian and occult science with its many and important spiritual formulas, principals and laws.

3. His racial background of the Jewish tradition was instrumental in helping to build a crossover bridge on the mental plane for the many wandering tribes of Israel that have existed for thousands of years. Many will think I speak metaphorically here but it is not so. With this fusion of the great 2nd ray of Love Wisdom with Active Intelligence (3rd and 5th rays) he helped to create a widening of an avenue of escape on the mental plane for those many prisoners of the planet that had been left behind.

DK in a Treatise on Comic Fire summarized this truth esoterically with the following quote and clearly outlines the importance of Saturn and Capricorn when understood esoterically. **(see attached image)**

"These Sons of mind clung to the old and dying form, and refused to leave their Mother. They chose to pass into dissolution with her, but a younger son (Saturn) sought to rescue his brothers, and to this end he built a triple bridge between the old and new. This bridge persists, and forms a path whereon escape is possible.

Some escaped and came to the help of the incarnating Sons of Mind who had left the Mother for the Father. The greater gulf was bridged. The lesser gulf persisted, and must be bridged by the living Sons of Mind themselves."

(This latter clause refers to the building of the antahkarana.) (TCF1114)

Moses with his gleaming face came down from Mount Sinai with his tablets of the 10 commandments thousands of years ago. MDR just recently came down from the same mountain with his wagon filled to the brim with his many volumes of occult and esoteric knowledge.

The stimulation of his emerging Heart (4th ray) towards the end of his incarnation rounded out his prior development and can be a testimony to the powerful influence his daughter, wife, as well as his intimate inner circle of students and friends all have had upon him. No "man or woman is an Island" and we are all intimately connected even if we do not always see visual demonstrations of this metaphysical and occult law.

It has been a great joy to assist MDR in some small way with this important vision. The warring brothers finally came home and joined forces to help feed and nourish the lesser lives.

We must all eventually be crucified as we let go of the little self and prepare for our journey back to the unconditional love of the Christ, as well as the stars where our true home resides.

Blessings to this group,

Duane Carpenter

Teaching Avatars. These Appearances sound a new note in the realm of thought and of consciousness; they reveal the next needed truth; they pronounce those words and formulate those truths which throw light upon the spiritual development of humanity. Such Avatars were Plato, the first Patanjali and Sankaracharya; they emerge upon the second ray line of energy, in the department of the Christ and are expressions of hierarchical force.

Ray Avatars. These great Beings come forth at relatively long intervals when a ray is coming into manifestation. They embody the quality and the force of a particular ray. Next century, when the seventh ray has achieved complete manifestation and the Piscean influence is entirely removed, the seventh ray Avatar will appear. His work will demonstrate the law, order and rhythm of the creative process as it works out on the physical plane, blending spirit and matter. And as this ray is called the Ray of Ceremonial Order or Ritual, He will be largely instrumental in producing those conditions which will permit of the reappearance upon Earth of the Mysteries of Initiation, of which the Hierarchy is the custodian. He is necessarily connected with the Great White Lodge on Sirius. This fact does not, however, concern us now, for we await the coming of a still greater Avatar.

From Heike Bobert to Everyone:

A cloud never dies When the cloud is no longer in the sky, it doesn't mean the cloud has died. The cloud is continued in other forms like rain or snow or ice. So you can recognize your cloud in her new forms. If you are very fond of a beautiful cloud and if your cloud is no longer there, you should not be sad. Your beloved cloud might have become the rain, calling on you, 'darling, darling, don't you see me in my new form?' And then you will not be stuck with grief and despair. Your beloved one continues always. Meditation helps you recognize her continued presence in new forms. A cloud can never die. A cloud can become snow, or hail ...or rain. But it is impossible for a cloud to pass from being into non-being. And that is true with your beloved one. She has not died. She is continued in many new forms. And you can look deeply and recognize herself in you and around you. – Thich Nhat Hanh.

Since before time, I have been free.
Birth and death are only doors through which we pass,

Birth and death are a game of hide-and-seek.

I have so enjoyed the Seven Ray Conferences lead by Michael Robbins through so many years. A particular fond memory is of working with Michael Robbins and Rick Good on the PIP test statistical analysis project. It was an opportunity to turn the tables on him. I will really miss him and send lots of love and light to Michael and to Tuija, Heidi, Brennan and the rest of the family.

Death - the Great Adventure

Death is an ordered process.

It is an interlude.

And so, when the lessons were all learned

In the classroom called Earth....

the Word sounds forth....a word of withdrawal...

That the form has served its purpose

The principle of mind then organizes itself

Hearing the Word (the word of Return)

And then repeats the word,

The waiting form responds

And drops away.

And again the words....

Thou no longer needs the form.

Your work complete, your watch over.

And the Soul stands free.
Death is an ordered process
An interlude
When all the lessons were learned.
A job well done, the watch over....

Words at Death
Death – the Disciple Returns Home
A call ushers forth to be With the Light eternal,
To Transform what has gone before, into a Being of Light.”
The mysterious Beauty within us, our Spirit of Life,
And so the disciple Returns home once again. Om. Risa

Thank you Tuija for making it possible to participate in this most intimate of moments. Michael was a once in a lifetime encounter with something more than human. His example is an inspiration to do better. Thank you.

🌹 I have had the vigil on zoom for the entire 24 hours . Happened to awaken at 2am only to hear Tuija saying ““ can you hear me?” as she commenced the most clear and powerful guided meditation and discourse I’ve ever heard her give . What a Spiritual Warrior our Sister of the far north is . In true Capricornian power , it was as though she was leading MDR to the Lighted Way on and through the gates of death unto the Spiritual Worlds . It felt that Tuija in the 🌊 meditation invited us all to become One to prepare the field for his leave-taking , his departure ✨ We continue our Work empowered with the energy released with Michael stepping through into the Spiritual worlds . What a group Initiation and Healing this is . We are Truly One , United by this sacred ritual given so freely and generously by Tuija and Heidi and held together behind the scenes all these 20 something hours unstintingly by Mikhael.

Jewel

As I step out of night
I pause, gaze upon the heavens
Reach up, slowly, gently
Pluck a star from the sky

It becomes as a jewel
Shimmering within my hand

Tenderly, lovingly, I present
Diamonds, crystal dust
Flowing moonbeams unto thee

I see the yearning, the love
Within your eyes
I feel your heart, cry in its guise
The abyss of longing
Pulls at me, abounds as water
Unto the seas

I pluck a star from the sky
Place it within thy breast
Flames of love now lighted
Flicker in a rolling mist
Burning brighter, their beauty
My bliss

I call unto thee
Thou callest unto me
Let my love pierce your heart
Let your love, shine as me
Diamonds
Jewels in the sky

The transitioning takes place of Michael David Robbins - a truly great man whose presence has enriched the entire planet and whose song will echo through the gates of eternity forever.

It will one day be more fully recognized by the greater occult community that Michael Robbins fell into the category of a Ray or teaching Avatar.

We normally associate the idea of an Avatar with those stupendous lives that life outside of our system altogether but there are other categories that are not well recognized.

These lesser avatars are termed "teaching and ray avatars" and are direct representatives of these higher beings because they are open to the stimulation and force that emanates from the mental plane and above."

Dear Ones,

As many of you already know, our dear friend, brother, co-disciple, and teacher has finally been freed from his worn-out

physical body--with his etheric, emotional, and lower mental bodies soon to follow. When I say worn-out, it is because

Michael has used those incarnational vehicles (veils) to do the equivalent of two lifetimes of service in this one

incarnation.

I am so happy/joyous/blissful for him. If anyone ever deserved a well-earned rest, it is Michael. He told me numerous

times that he intended to forego devachan ("Devachan is regarded as the place where most souls go after death where

desires are gratified, corresponding to the Christian belief in Heaven. However, Devachan is a temporary, intermediate

state of being before the soul's eventual rebirth into the physical world." Wikipedia), and, instead, reincarnate as soon as

possible to continue his world work. Since he 'left' in Aquarius, he will return in Aquarius.

He also told me many times how much he wanted to be here for the centennial Hierarchical Conclave in 2025. I recently

realized that he still can. If he returns in Aquarius 2023, he will be 2 years old at the time of the conclave! I sure hope

he makes it back in time, since it is such a significant occurrence for him.

I've been thinking of what to say about my Brother of Old that I have known (this lifetime) since May 1982, when we

first met at an Arcane School Conference in NYC. What can I tell you about Michael David Robbins that you don't already know? His solemn, unwavering commitment to, and extensive and profound understanding of, the Ageless

Wisdom, Hierarchy, and world service to Humanity is well known by most esotericists on the planet by now.

And, as for the many adventures, experiences, insights, correspondences, conversations, and laughs (and there were

many) that we shared over four decades, they are just too precious to mention publicly. But, I will cherish them until my

time of departure. And, as I always told Michael, "They're not going to have to call me twice."

But, I will close with two quotes that came to mind when I became aware of his imminent passing a few days ago. And

remember: uncontrolled grieving and outbursts hinder the inward progress of the deceased by drawing their attention

back to the physical plane, but prayers, meditations, blessings, and good thoughts and wishes facilitate their esoteric

journey back to the Soul.

". . .death or the disappearance of veils."

And more than flesh and blood,
Love reigns supreme—
through the very Heart of God.

The Law of Attraction sweeping all

death's great illusion

Where indeed we utter, at-one with the Christ :
I / and my Father / are One . . .

That whatsoever ye shall ask in my name,

It is here, that the sons of God
 within ourselves 'attract',

unto the Heart.

It is thus, we celebrate,
 a soul; a son of God
returning unto it's own.

Let us then strengthen

From Melia Helson, who sent this email. She and I did our MSE together in the 90s  first met Michael in the late 80's when he, Marianne Cassalino and Dot Mavor came to Sancta Sophia Seminary and gave a Seven Rays Seminar for three days. Michael opened the program by standing up and dramatically speaking "Lost am I in Light Supernal and on that Light I turn my back!" He then proceeded to explain that that is not as selfish as it might first seem to the un-initiated. That was the beginning of my love for that body of teaching and for those who spread that teaching.

Michael devoted his life to that work and I can only offer my opinion. It was work well done and a major contribution to the quality of life on Planet Earth and Humanity at large.

Thank you so very much Michael. Let Light and Love and Power restore the Plan on Earth.

I had to step out for a lab appt early this morning. On my way back, the Sirius-XM in my car radio was playing the 4th movement of Beethoven's Fifth Symphony on Ch. 76 (Symphony Hall). Quite forceful expression of the Will-to-Good. What a nice coincidence, I thought. But I didn't see coming what was next. A piece I've never heard before: Vaughan Williams's Lark Ascending. It was exactly 7:17am when I realized this was a Jungian moment of synchronicity. I stopped, took a snapshot and continued listening. Thank you, Michael, for sharing your uplifting experience. Fly high, Brother, until to reach INFINITY.

Jose, Vaughan Williams is perfect... 

From Mikhael Crow to Everyone:

Big love to you all and so much gratitude for sharing so much and adding to this Time immemorial infinitudeness... is the infinitude the same as the infinitesimal.. a question MDR asked often in IAB webinars. That brilliance cherished and forever missed. And still heard within the inner silent space.

Hugs hugs Hugs!!

Infinity I #178: ...a wondrous truth is in beauty. Cosmos affirms evolution by this formula. Cosmos directs the world to the mastery of beauty. Yes, verily, the Mother of the World possesses the Magnet of Beauty.

From Michael Stacy to Everyone:

Recently I prepared a compilation and synopsis on the Law of Death, which is one of the Laws of Nature. I have attached the compilation, and the synopsis follows (in several parts):

Law of Death: This law is an expression of the Life Principle, not only within our solar system, but also the universe. The Life Principle is variously called Life, Light, and Electricity – all being aspects of the Divine Intelligence as the first emanation of SOURCE. "It gives life and produces death." All that manifests within the Cosmic Spectrum of Reality [the Cosmic Planes] is subject to this law. It controls the substance of personality forms (physical/emotional/mental) within that spectrum.

Once form has served its purpose, this law governs its concealing, destruction, and sacrifice to a higher evolving life, thus bringing in a period of rest until a next incarnation. So, the law frees indwelling Lives from prisons of form. For Earth humanity, not only can there be a “physical” death that we observe with our senses, but there can be a “spiritual” death that results from disobeying natural laws, where there may be intelligence but no recognition of the inner Self. These are referred to as the walking dead.

Due to conditions on our planet brought about by the third race, “A great new law of nature was then imposed by the planetary Logos which has been expressed (very inadequately) by the words, ‘The soul that sinneth, it shall die.’”[2] This law, being one of the secrets of life and death, has been taught in mystery schools for thousands of years. Aspects of it include the Laws of Disintegration and of Sacrifice, and it works closely with the Laws of Cause and Effect, of Cycles, of Evolution, and of Rebirth. Symbolically for this law, the cross within a circle ☩ represents birth, life, death and immortality.

That which we call ‘death’ can be brought on by Soul in accord with this law, but also by accidents, violence, war, etc. unrelated to Soul intent. Individuals and/or groups can offset this law through the use of the personal will, although it is not advisable. Doing so reflects a herd instinct motivated by preservation of a personality and its form. The use of extraordinary measures to delay death (rather than prolong life) by modern objective medicine raises difficult ethical and legal questions having their basis in a fear of death. It may also be offset by strong emotions of attachment by ‘loved ones’ wanting to hang onto the physical form of one departing. Thus, it keeps an evolving life from progressing.

Although ‘death’ may destroy the form, the Life within the form does not die. The Principle of Life is closely linked with energy Eg, which controls, manipulates and geometrizes the elemental forces of nature – primarily in the cosmic mental, emotional, and physical states of Consciousness and Being. Key phrase: A useful process in reconstruction.

I have been ‘toying’ with the idea of giving the energy qualities subscripts (Eg for instance which is Ray 7) rather than using ray numbers, which could give an impression of hierarchical importance

From Mikhael Crow to Michael David Robbins(Direct Message):

Issa!! Well things will change a lot now. I will miss you so much. I enjoyed so very much working with you side by side these last years and laughing and joking. Your Guddha Buddha sunshine boy misses you very much. You were more than just a teacher to me but a Father. I love you with every fiber of my being. Please help us guide Morya forward from the other side and let the impressions that need to be imparted be so in order that we fulfill the vision and grow the teachings. Come visit me sometimes I will be blubbering and crying a lot for some time now and would love to feel you around. A beautiful beautiful beautiful man you are. Thank you for being in my life and god speed on your journey to the stars.

REVERENCE AND HONOR (from Diana Bolbochan): Reverence and Honor to this Being of whom language is unable to describe his Gigantic Greatness. DC says that he is possibly an Avatar of the Teachings, I do not know if he is, but I do know that he immersed us (and continues to do so) in the elevated teachings of Master DK with the Power of his enthusiastic passion and the courage to do so until his last breath of air, the Love of his service transmitted with humility and solemnity and the Light he received from Realities that always anticipated what one could access and that have always been and will always be "revelatory".

From Morya Federation EH Facilitators to Everyone:

Reverence and Honor to that incarnated Monad that now initiates new Journeys. Reverence and Honor to the One Who magnetically, electrically united all the brothers and sisters who now accompany us in this Sacred Second of our becoming to pay tribute in Your Name. We recognize ourselves as One with You, continuing our group work and preparing ourselves for 2025 and beyond with more firmness and commitment, because as you say: "we must not do what we can, we must make it possible". And so it will be. Honor, Reverence and Gratitude radiate to you, Beloved Michael Robbins. From Diana Bolbochan

I have appreciated joining with All of You, united in our deep love and respect for Michael. It has helped form a bond to help us move through and keep moving forward without this dear friend at the helm. Now, I sense a healing time is needed. An integration of this loss and establishing our direction for the future. My deepest support is with Tuija and I know we also share this thought, as well. Anything you need Tuija. Anytime you may need it, we will be there.

From Lori Ann Smith to Everyone:

It is a joy to witness the many lives that Michael touched! I feel much reverence for Tuija and Michael's family, in allowing this sacred moment to be shared with the group, and as a group event. How symbolic, perfect and pristine it was that Michael's passing occurred in the last decanate of Aquarius, and at the Aquarius Full Moon; indeed, a World Disciple and a World Server! A part of me felt as though Michael was 'directing' his own transition. To Michael: I honor your Spiritual Presence, your leadership, and the inspiring, uplifting influence

you've had on so many! You are a profound Spiritual Teacher for me! I take solace in knowing that I was able to share the degree of these sentiments with you some time ago. You, of course, will always be with us, only from more subtler realms. Eternal love and gratitude!!! ☆❤️

Michael, I would also like to acknowledge your Monumental work in Identify As Being. It is incredibly powerful and experiential work...penetrating ever deeper into the nature of Being, True Identification, and even beyond! It takes a courageous, pioneering Spirit, (such as Michaels) to attempt such an approach! Michael, may your inquiries into "What does it really mean to be Dimensionless?" and "How did the Supra Universal Deity Arise?" now be within closer reach - now that you are liberated!!! ☆

Words truly fall short of any expressions of compassion, wisdom, joy, beauty, sharing, brotherhood, unconditional love and selfless service that the world has received from our beloved Michael. To have been gifted to watch this unfoldment over the last 40 years has truly been a blessing. And though large shoes to fill, I am grateful he has left the work to be continued in such capable hands. He will never be any farther from us than the lotus within each and every heart. I am not limited by this body.
I am life without boundaries.
I have never been born,
and I have never died.
Look at the ocean and the sky filled with stars,
manifestations from my wondrous true mind.
Since before time, I have been free.
Birth and death are only doors through which we pass,
sacred thresholds on our journey.
Birth and death are a game of hide-and-seek.

So laugh with me,
hold my hand,
let us say good-bye,
say good-bye, to meet again soon.
We meet today.
We will meet again tomorrow.
We will meet at the source every moment.
We meet each other in all forms of life."

From Jose Becerra to Everyone:

I LEFT

I am prepared for the road.
All that was mine I renounced.
You will take it, my friends.
Now for the last time, I shall survey
My house. Once more
I shall view my possessions. Upon the images
Of friends I shall look once more.
For the last time.
I know already
That here nothing of mine remains.
Possessions and all that impeded me
Freely I am giving away. Without them
I shall be more free. Before the One
Who calls me, liberated
I shall appear.
Now once more
I shall survey the house. View once more
That from which I am released,
Free and liberated and firm
In thought. The images of friends and the view
Of my former things
Do not confuse me. I am going. I am hurrying.
But once more—for the
Last time I shall survey all that
I left.

Proud to be a student of Ageless Wisdom at MF & SRI, Thanks so much Michael & teachers to pouring Love, Light, Power on Earth. Love you so much Michael!

From Duane Carpenter to Everyone:

Dear Group

MDR's departure from this plane is having a powerful stimulating effect on the esoteric community to become more connected and active. Michael's powerful mind and extensive teaching aura may be more potent now than when he was actually here in the physical if we can properly tune in. Paradoxically, the soul on its own plane always has greater luminosity and power than while in incarnation and working through the lower vehicles.

This should be a period of not only mourning of our dearly beloved brothers departure, but a time to strengthen the wonderful work that Michael and Tuija and others have initiated and have been dedicated to so extensively over the years. Members of the occult community group need to use this powerful group unity to step up and take more responsibility that will surely fall more fully onto the shoulders of the Board of Directors as well as Tuija with Michaels departure.

There is a term in Esoteric Buddhism titled "Psychic Gift waves" and is a level of sensitivity that will emerge more and more as we approach 2025. Psychic sensitivity in its higher form, includes a telepathic rapport amongst group members and their teacher and is only going to get more powerful and dynamic as we move towards 2025.

Psychic Gift Waves

"Most ideas, when of a very high order, are stepped down into the consciousness of a disciple by his Master and are imparted to him through mental telepathy, and as a result of his sensitivity to the "psychic gift waves," as the Tibetan teaching calls them. Ideas are also sensed in the interplay between disciples. Frequently, when disciples meet together and thus stimulate each others' minds and centralize each other's' focused attention, they can unitedly make a contact with the world of ideas which would otherwise be impossible, and bring through the newer concepts into being. (Glamor 62)

"I would here remind you that the centres above the diaphragm have only one vital point of energy, whilst the centres below the solar plexus also have only one, but that the solar plexus itself has two points of dynamic energy—one most ancient and awakened, being expressive of the life of the astral or lower psychic body, and **the other waiting to be brought into conscious activity by the soul. When this has happened, the awakening to the higher issues of life makes the disciple sensitive to the higher "psychic gift waves" (as the Tibetan occultists call them) of the spiritual world.**" (DINA 2 p- 115)

"If this is carried out correctly and with deliberation, plus regularity, it will eventually bring about a most productive telepathic interplay between the disciples in a group and between the individual disciple, the Master and the larger Ashram. **It will also make the disciple sensitive to the higher "gift waves."** The entire meditation (in its two parts) involves, therefore, the linking up of heart and head, of the mystic and the occult approach, and also of feeling and knowledge." (DINA 1 87-88)

Sydämellinen kiitos Tuija <3 Voimia haasteellisiin aikoihin. En voisi olla kiitollisempi saatuaani osallistua tähän prosessiin. En olisi se mitä olen tänään ilman Michaelin vaikutusta. Näiden tilaisuuksien kauneus oli ylimalaista. Jäljelle jää vain rakkaus! Kiitos sinulle ja voimia jaksamiseen teille täällä Suomessa ja Heidille ja Michaelin koko perheelle. "Olen vetäytynyt leutoon valoon. Silti teidän olen. Te myös lähelläni käytte edelleen....Viimein sinne, missä teitä varron kevein askelin te saapukaa... Suurella kiitollisuudella ja Rakkaudella.....

A heartfelt thank you to Tuija <3 Forces at challenging times. I couldn't be more grateful to be involved in this process. I wouldn't be who I am today if it wasn't for Michael's influence. The beauty of these occasions was supermacical. All that's left is love! Thank you and strength to cope with you here in Finland and Heidi and Michael's whole family. "I have retreated to a mild light. And yet I am yours. You also near me still visit.... Finally, where you 100% take light steps, you will come... With great gratitude and love.....

Post Vigil Tributes

Dot Maver to Everyone (18 Feb 2022)

This week of Aquarian intensity and the withdrawal of beloved brother Michael on the day of the Aquarius Full Moon has afforded us an opportunity that makes the heart sing. Heartfelt gratitude to Duane, Jose and others who have taken the time to share so deeply, so fully, as the term eulogy comes to heart and mind. Michael, with the glorious assistance of Tuija provided a time of unity in the world group that opens a way forward ... onward, upward and through ... as this remarkable journey continues. Standing with all in the Fire of Love, deep peace, Dot

Antonella Nobilio to Everyone

Gratitude to all the sharing. Gratitude to the *Vigil* point of tension of our Ashram, in this initiatory time&space.

Now, immersed in the *receptive and liberating* Waters of Pisces, the Christ the Savior, in the exceptional Presence in It of Its Agents of transmission Jupiter and Neptune (the last time was in 1855), here is an important quote about the **Ashram** of the new Group of world Servers, which Aleksandr shared with some of the English-speaking community, on the occasion of the passage into the Light of our great servant and dearest Brother Michael:

"The inner Ashram is a focus of souls, free and unlimited; the outer Ashram—under the future Aquarian experiment—will be composed of a focus of personalities and souls. Limitation will, therefore, exist; responsibility will require conscious recognition and there will be a necessary slowing down of both action and perception in the outer space-time world.

The true Ashram (of which the coming outer Ashrams will be but reflections) is not for lower concrete mind discussion. It is *a focal point of receptivity*; it embraces the effort to establish mutual contact through an united recognition of the vision, of the esoteric basis of life and the laws governing action. It is not a place, however, for long and silent meditation processes, for it is a point of tension where, together, the Ageless Wisdom in its more esoteric aspects is discussed, where the nature of soul relationship is recognised and where the fusion of auras and the inter-blending of the "Triangles" goes forward *consciously*. An Ashram is the state of mind of a spiritual group. It is a point of united thought; it is a centre for the clarification of the vision and not of physical plane methods of work. As disciples learn to integrate themselves into a Master's Ashram, they discover that the first thing they have to do is to establish a basic harmony between themselves and their fellow disciples and to reinforce the contact between their own souls, the ashramic group and the Master. Then they learn to comprehend through discussion and experiment the nature of the energies which are seeking world expression, and the nature of the forces which must be reduced to powerlessness, if these new incoming energies are to prove effective in bringing about the desired changes under the Plan." DINA I, 707

This month of Pisces prepares us for the Great Conjunction 2022 between the two Great Mothers of solar Space, Jupiter and Neptune, which geocentrically will be on **April 12**, in the Sign of all Beginnings Aries, and heliocentrically on **June 6**, in the sign of Gemini of the Christ as the Initiator of humanity. Let us prepare it at the point of tension of the Great Ashram of the Hierarchy:

The Great Master's Ashram frees the prisoners of the Planet!
