

DISCIPLES WHO PARTICIPATED IN D.K.'S GROUP WORK EXPERIMENTS

D.K. experimented with the following groups:

1. Seed groups, or “groups of nine.” Intended eventually to grow into 10 seed groups, only five were actually formed:

- Telepathic Communicators
- Trained Observers (Glamour)
- Magnetic Healers
- Cultural Service (Education)
- Political Service

These groups were disbanded before the experiment was completed. The personal instructions can be found in *Discipleship in the New Age, Vol. 1, The Externalisation of the Hierarchy, Glamour: A World Problem*, and *Esoteric Healing*. Although 10 names appear in some groups, there were never more than nine at one time. The initials are drawn from the keywords representing their life intention. Italics indicate special attention. When the initials are in a different order from the words, that represents the disciple’s personal choice. D.K. chose the order of words.

2. New Seed Group. Upon disbanding the “groups of nine,” D.K. formed the New Seed Group of 24 disciples as an experiment in group initiation. Those disciples who were not included either had passed on or were considered too Piscean in their approach to the teaching. These personal instructions appear in *Discipleship in the New Age, Vol. 2*. Instructions to the group can be found in this book, and also in *The Externalisation of the Hierarchy, Telepathy, Education in the New Age, The Reappearance of the Christ*, and *Destiny of the Nations*.

3. Outer Ashram Group. 14 disciples living in and around New York City were invited in the early 1940’s to participate in this experiment in externalizing the Ashram on the physical plane. Participants met together at each full moon. D.K. said that this experiment had not been attempted since Atlantean times; nevertheless, it was discontinued. Then four of the former members were reinstated into a smaller version of this experiment to continue the training.

4. AUM Group. This was dedicated to revitalizing the esoteric basis of Freemasonry. Participants in this group included Svetoslav Roerich (son of Nicholas and Helena) and two of AAB’s daughters — Mildred and Ellison.
