

# ESOTERIC UNITED NATIONS

**" ONLY ONE IS NEEDED"**

## **Dearest Soul Friends,**

After the very successful Festival Week of the New Group of World Servers we are using the energies of the group impact and visualize the next seven year's cycle until 2026 for establishing the seed idea for the Esoteric United Nations.

Even though this idea is not new and has been cooking already for some years we decided that the Time is now for that initiative of the manifesting plan.

Few inaugurating key ideas, why do we see the need and why we understand that must be done.

## ***Discipleship In The New Age I, 543;***

"The world emergency is such that those who are affiliated with or who are members of the Hierarchy are calling **for all the conscious creative aid that we can find. I call on you.**"

## ***Esoteric Psychology II 679-680;***

"The men and women of goodwill who are willing to listen, to consider and to work, must be found and contacted in every country."

## ***ExH 616***

"The opposing forces of entrenched evil must be routed before He for Whom all men wait, the Christ, can come."

## ***ExH 375-376***

"... if humanity is to get rid of these evil products of selfishness, certain basic values must be preserved. Past and present cultures and civilisations are of great value; **the peculiar genius of each nation must be evoked for the enriching of the entire human family**; the new civilisation must have its roots in and emerge out of the past; **new ideals must come forth and be recognised**, and for that the events and education of the past will have prepared the people.

Humanity itself must be the goal of interest and effort, and not any particular nation or empire. All this has to be wrought out in a practical, realistic manner, divorced from visionary, mystical and impractical dreams, and all that is done must be founded on one basic recognition—**human brotherhood, expressing itself in right human relations.**

**RI 122**

**“Their developed soul nature will be expressing itself through intelligent love and a sense of group fellowship;** these two divine qualities will form a basis or foundation from which the next unfoldment can emerge and on which a more **spiritual superstructure can be built.**”

**RI 108-110**

“In the long run, literally when **the path of evolution is trodden to its end**, what remains will be the **divine purpose** and **the all-enveloping Life as it materialises the plan in time and space**. This is the result of the turning of the greater Wheel of life, causing all the lesser wheels—in time and space—also to turn!

...

I write for the generation which will come into active thought expression *at the end of this century*; they will inaugurate the framework, structure and fabric of the New Age which will start with certain premises which today are the dream of the more exalted dreamers and which will **develop the civilisation of the Aquarian Age**. This coming age will be as predominantly the **age of group interplay, group idealism and group consciousness** as the Piscean Age has been one of personality unfoldment and emphasis, personality focus and personality consciousness...

...

It will be obvious to you, therefore, that this could well bring about a still more dangerous situation, because a group would be a combination of focussed energies, and unless **these energies are directed towards the fulfillment of the Plan** (which coordinates and makes possible the divine purpose) we shall have the gradual consolidation of the forces of evil or of **materialism on Earth**.

I am not speaking lightly, but am endeavouring to show **the necessity for the steadfast consecration of the spiritually minded to the task of developing the will-to-good on Earth** and the absolute importance of **fostering goodwill among the masses**.

If this is not done after the terrific global housecleaning that has gone on, **the last state will be worse than the first**. We shall have individual selfishness superseded by

group selfishness, which will be consequently still more potent in its evil dedication, focus and results. The little wheels can continue to revolve in time and space, *hindering the onward progress of the great Wheel which—again in time and space—is the wheel of humanity.* The Heavenly Man and the human being upon that Wheel are developing divine qualities and attributes.

***The will aspect of divinity can find expression only through humanity***, for the fourth kingdom in nature is intended to be the agent of the will to the three subhuman [Page 110] kingdoms. It was therefore essential that *the spirit of inclusiveness and the tendency to spiritual identification should be developed in humanity as a step preparatory to the development of response to divine purpose.*

***It is absolutely essential that the will-to-good be unfolded by the disciples of the world so that goodwill can be expressed by the rank and file of mankind.***

...

I would commend this thought to your consciousness, for it means that ***two aspects of spiritual work must be nurtured in the immediate future***, for on them the more distant hope of happiness and of world peace depends.

***The New Group of World Servers must be reached and the will-to-good developed in them, and the masses simultaneously must be reached with the message of goodwill.***

#### **DINA I**

I would ask you to bear in mind that ***group work involves sacrifice*** and oft the doing of that which might not be preferred, and which might not—from the personality angle—be the easier way out and the easier activity. The choice, however, rests with you and the thoughts of the group must be kept away from your decision, so that you can make it freely and unhampered. The group must then abide by your decision.

The eternal responsibility of the disciple is to ***invoke the soul and thus it is for the nations.*** *The more we and the group involves, and the more work becomes clearer. Then we can invoke the ray of the nation.*

#### **IHS 49-50**

*All of the great nations are controlled by two rays, just as is the human being. With the smaller nations we need not concern ourselves. All the nations are controlled by a personality ray, which is the dominant potent and main controlling factor at this time, and by a soul ray which is sensed only by the disciples and the aspirants of any nation.*

*This soul ray must be evoked into an increased functioning activity by the New Group of World Servers, for this is one of their main objectives and tasks. This must never be lost to sight. Much could be written about the historical influence of the rays during the past two thousand years and of the way in which great events have been influenced or brought about by the periodic ray influence. Interesting as it is and indicative of the present national trends and problems, all that I can now do is point out the energies governing each nation, and leave you to study and note their effect and to comprehend their relation to the present condition of the world. One thing I would point out and that is that those rays which govern a particular nation and which are at this time actively working are very potent, either materially or egoically; some of the problems may be due to the fact that certain rays, governing certain nations, are not at this time active.*

### **Practical Notes**

As this come very late to you. Here are the main points for you, to know and consider what might be your response to this initiative of Esoteric United Nations.

We will of course develop the idea as we go along.

### **OUR GOAL:**

This group of Esoteric United Nations (EUN) will work for **the Christ and His Hierarchy**, to help the soul qualities to be manifested on Earth, to bring Heaven to Earth, help to establish right human relations, further communication between the nations and help develop loving understanding in humanity, establish the New Civilization of the New Age and to bring closer the Angel and Human Kingdom,

### **What is demanded from us:**

1. Every inner member gives a **solemn oath** at the presence of the group members of the Esoteric United Nations.
2. The Oath is in two parts;
  - a. **General Oath** which is said aloud before the group Brothers and Sisters (This consists the promise to stand together to the next seven years until the next Festival Week 28 of December 2026 and then the group decides the continuation after that)

- b. **A SILENT Inner Oath**, which is between the individual and the Soul/Master
3. Every member in the inner circle is formed into the groups of nines (See below the text why)
4. **Every Member will daily align, invoke and demand the soul values** and qualities of the particular nation to descend according to the list of the nations, which everyone gets, by alphabetical order, plus the particular short formula done in every alignment with the world centers, with the triangle of USA-UK-RUSSIA and with one's own country.
5. This alignment will not take more than **2-5min minimum**, of course every member can extend their work as they wish.
6. **There will be for each week a MAIN responsible leader person**, whose responsibility is certainly to be at present in the created magnetic point of the Esoteric United Nations. This leadership role will run in the inner circle of the Oath Givers in EUN.
7. There will not be any daily webinars or broadcasts, telepathic relationship will be formed when the time evolves.
8. The physical gatherings of the EUN meetings will be monthly organised. In the beginning maybe more. Participation is not required, but of course for the group integration the participation is an integral part of the building work of the powerful magnetic center of EUN.
9. The Members develop their deeper understanding of the Work of the New Group Of World Servers, of the Law of the Group Progress, one's part of the Manifesting Plan and ones' responsibility in the Process of Reappearance. One learns to live more consciously in the living organism of a formed group by the soul-love.
10. As time evolves more targeted inner functions will be developed.

### **About the Group Progress and Oath**

#### **EP II 177-178**

***The Law of Group Progress can only begin to have a conscious effect in the life of the disciple who has been pledged and accepted.***

**When he has established certain rhythms, when he is working effectively along certain well recognised group lines, and when he is definitely and in understanding consciousness preparing himself for the expansions of initiation, then this law begins to sway him and he learns to obey it instinctively, intuitively and intellectually.**

It is **through obedience to this law that preparation for initiation is instituted by the disciple.** The previous sentence is so worded because it is important that all should grasp **the self-initiated necessity of initiation.**

Do we understand this importance? Some of the effects earlier mentioned in the initial discussion of this fifth law can here be enumerated. Let us not forget their esoteric and unseen significances.

1. The disciple will then learn effectively to decentralise himself. This means that

**a. He will ask nothing for the separated self.** One can therefore easily see **why aspirants are taught to pledge allegiance to their Higher Self, and to forswear all claims of this separated self.** One can see also **why so many react against it.** They are not ready for it, and such a pledge therefore acts as a great discriminating agent. To those for whom the standard of selflessness is set too high, it is neither understood nor desired. Therefore the unready criticise it. Later these will come back and **with understanding take this obligation in the light.**

**b. His eyes are towards the light and not towards desire for contact with the Master.** This, therefore, rules out that spiritual selfishness which has been expressed [Page 178] by the desire, innate and deep, for recognition by one of the Great Ones. When this freedom from the personal is found, then the Master can dare to make a contact and to establish a relation with the disciple. It would be well for us to **ponder on this.**

The name **"Law of Group Progress"** is the phrase given by human beings to a particular type of energy which is producing the coherence of units in a group, thus **forming them into one living organism.** The recognitions eventuating are those of **group affinity, group objective, and group goal.**

It is, in the last analysis, the emergence into the subjective consciousness of the same type of energy which produces that aspect of cohesive action which demonstrates as tribal, national or racial unity.

We are looking forward of your positive response to work together for the Esoteric United Nations and for building the future world for the next generation to come,

Tuija and Michael Robbins
