“I am the light of the world”

For thousands of years Christmas has been associated with the coming of the Sun-God to save the world, to bring light and fruitfulness to the Earth and through the work of the Son of God to bring hope to humanity.

Thus, when Christ proclaimed, along with all world Saviours and Sun-Gods, that He was the Light of the worlds, He inaugurated a marvellous period in which humanity has been widely and universally enlightened.

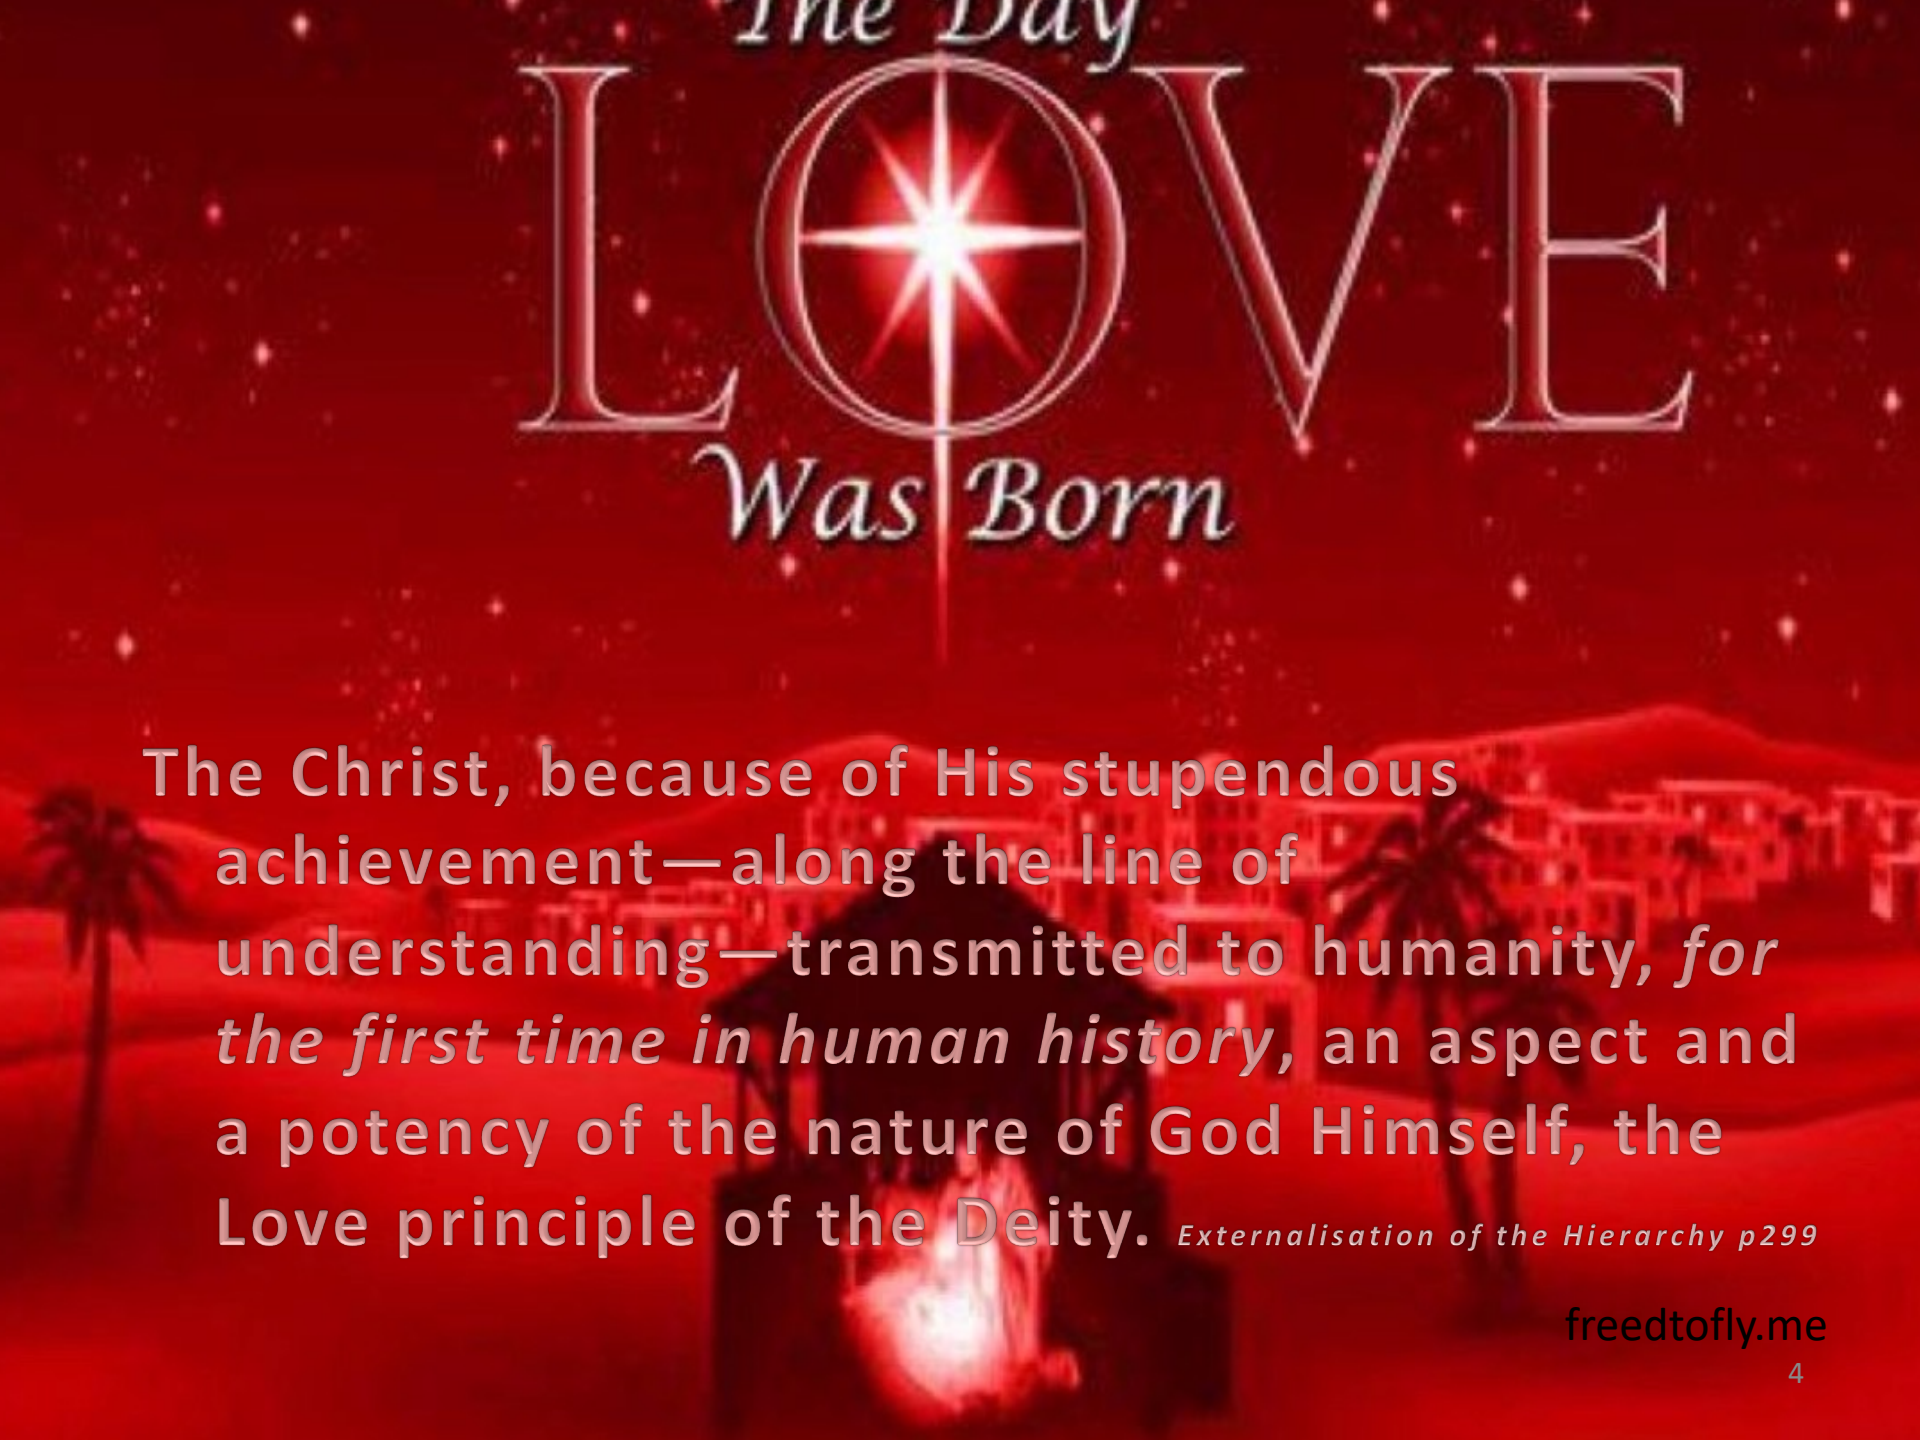

This period dates from Christmas Day, two thousand years ago, in Palestine. That was the greatest of all Christmas Days and its emanating influence was more potent than was any previous arrival of a Bearer of Light, because humanity was more ready for the light. *Destiny of Nations* p147

Christ the Avatar of Love,  
the embodiment of the cosmic energy of  
Love.

Love  
came down

# *The Day* LOVE *Was Born*

The Christ, because of His stupendous achievement—along the line of understanding—transmitted to humanity, *for the first time in human history*, an aspect and a potency of the nature of God Himself, the Love principle of the Deity. *Externalisation of the Hierarchy p299*

After He appeared as the Avatar of Love, then God became known as Love supernal, love as the goal and objective of creation, love as the basic principle of relationships, and love working throughout all manifestation towards a plan motivated by love.

This divine quality Christ revealed, and thus altered all human living and human goals.

*Externalisation of the Hierarchy p300*

The Buddha taught  
that God was Light  
and showed us the  
way of  
illumination, and  
Christ revealed to us  
that God was Love  
through His life and  
service on earth.

*Externalisation of the Hierarchy p406*

# We too are Sons of God

*He revealed to us ...that we also are divine,  
all of us are the Sons of God and that as  
He is, so are we in this world and*

*that we are able to do still greater things  
than Christ did because He has shown us  
how.* Externalisation of the Hierarchy p401

# Alignment with own soul

## I. Start with the point of soul focus ....

- Raise the consciousness into the head.... as high in the head as you can.
- Carry consciousness upward through the astral body and the mind to the soul.
- Visualise a lotus fully opened scintillating with light as a symbol of your soul body

**II. From that point, definitely and consciously, assume the attitude of the Observer.**

- Observe the personality ‘below’**
- Visualise your etheric body. See energy flowing freely up and down the etheric spine.**
- Consciously throw soul energy down into the centre at the base of the spine. (You may use indigo blue light)**
- Then raise it slowly, via the five centres up the etheric spine then to ajna and crown up into the soul body.**

Say the soul mantra

***I am the Soul***

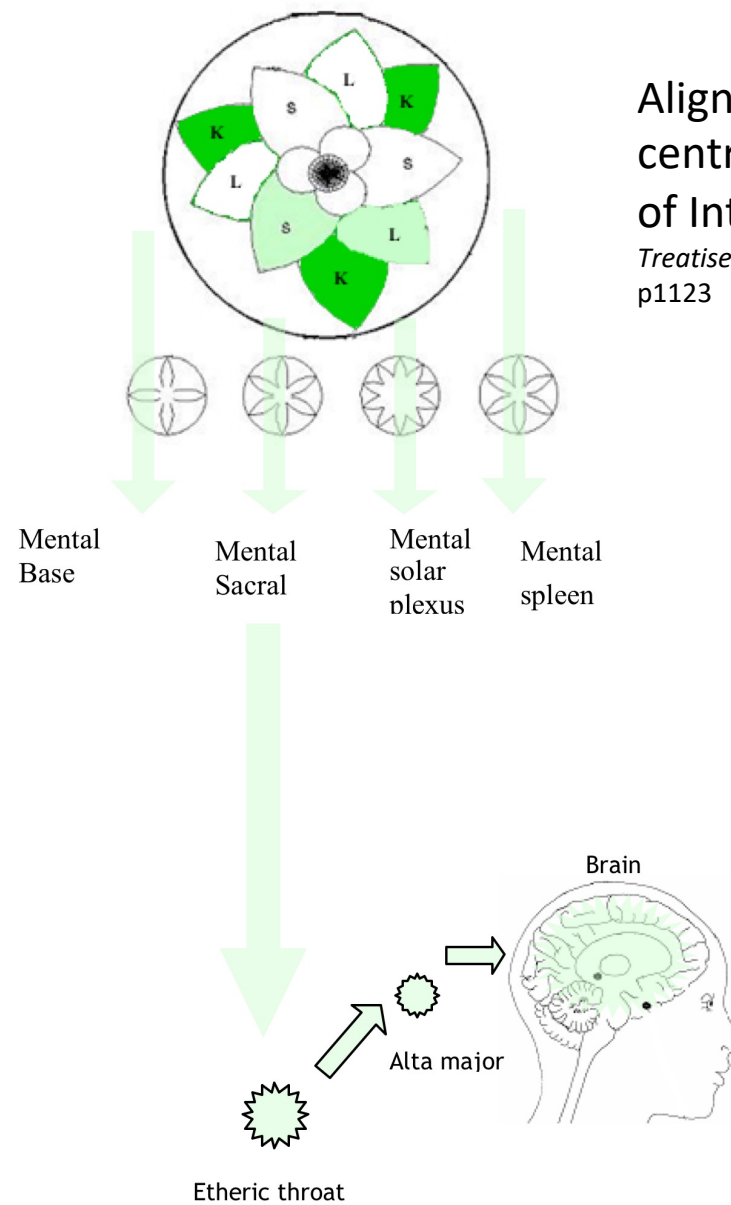

***I am Light divine***

***I am Will***

***I am Love***

***I am fixed design***

**Sound an OM as if you were the Soul.**

# Visualisation of group of healers rowing to D.K

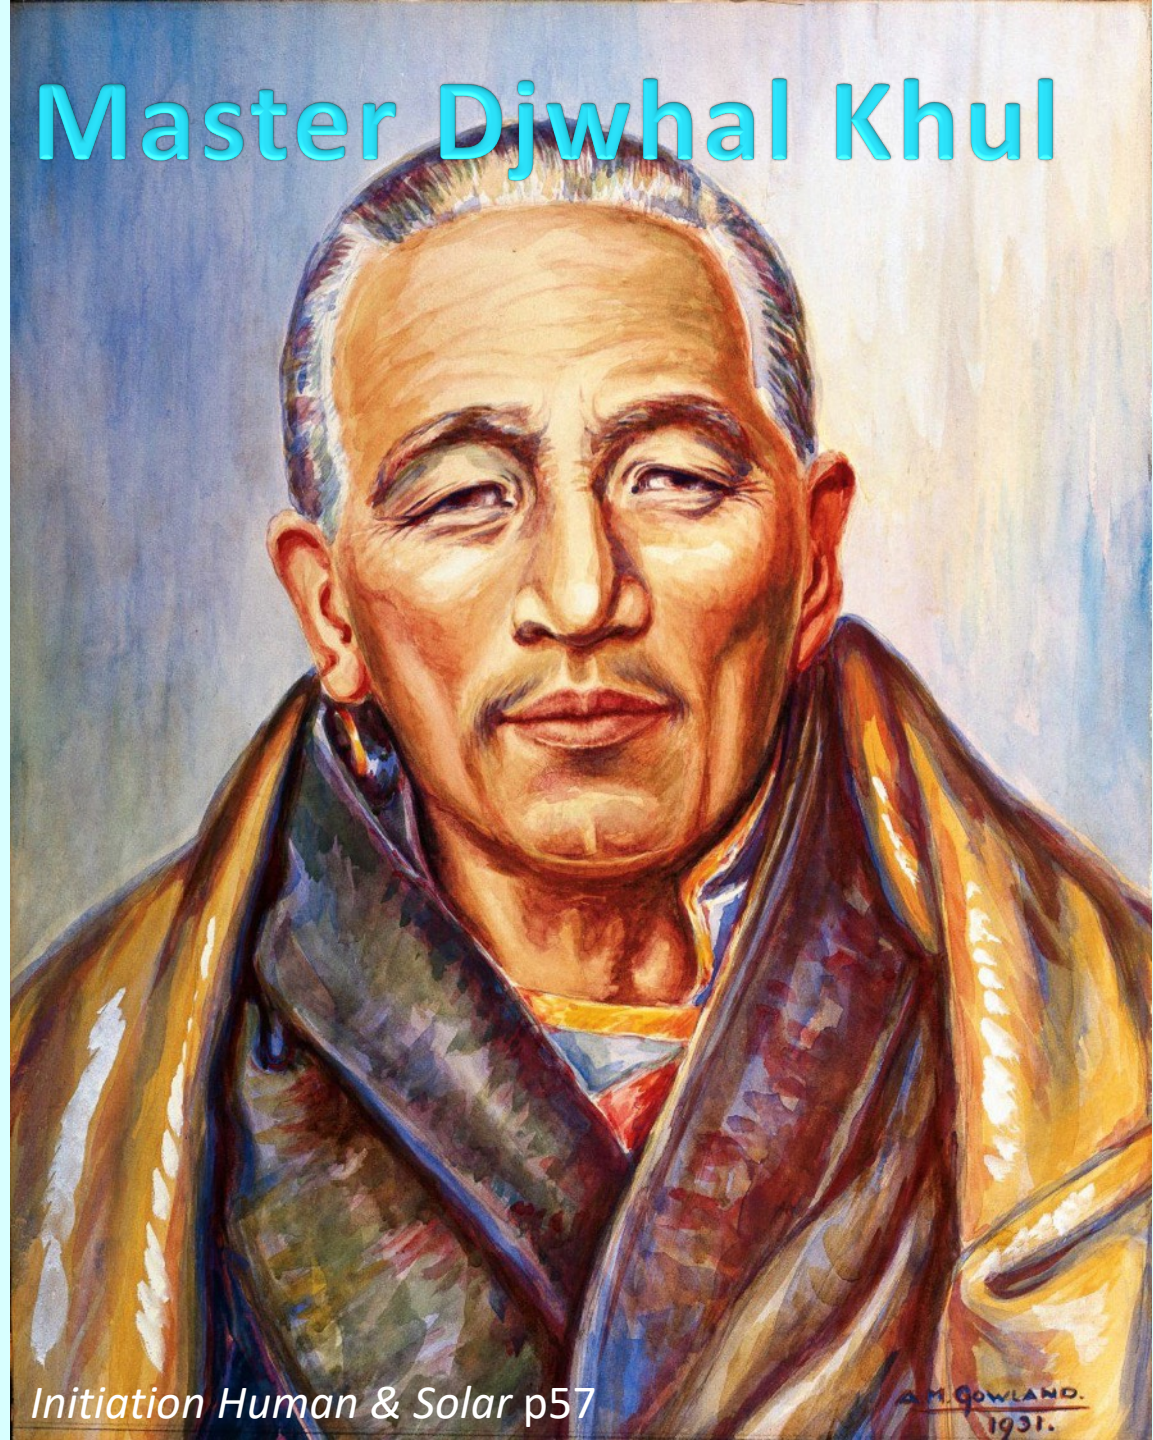

Ellena Chamon

Master D.K. "the Messenger of the Masters" as he has been called, is profoundly learned, and knows more about the rays and planetary Hierarchies of the solar system than anyone else in the ranks of the Masters.

He works with those who heal, and co-operates, unknown and unseen, with the seekers after truth in the world's great laboratories, with all who definitely aim at the healing and solacing of the world, and with the great philanthropic world movements such as the Red Cross.

# Master Djwhal Khul

*Visualise an ocean of blue and upon the horizon see slowly rising a blazing sun.*

*Picture yourself as throwing yourself into the ocean, free of all encumbrances, worries, anxieties and cares, and as swimming towards a rowboat, lying midway between you and the rising Sun. As you swim, you become aware of your group brothers, also swimming in the same direction. You recognise, know and love each other.*

*Then visualise the whole group in the boat, then see each one of you grasping an oar, rowing towards the rising Sun together, rhythmically and steadily, there is harmony of stroke, of purpose and of direction.*

*Now visualise a multitude of boats symbolising all spiritually minded people all rowing towards the rising Sun, uniting with Hierarchy.*

*Then see—between you and the rising Sun Master D.K moving toward you. Coming from the light, in your direction. In the clear pathway of the light, you can see me distinctly. You see me together.*

***Then say, inaudibly, yet as a group:***

***Into the light we move, beckoned thereto by thee.***

***Out of the dark we come, driven thereto by the soul of all.***

***Up from the earth we spring and into the ocean of light we plunge.***

***Together we come.***

***Together we move, guided and led by the soul we serve and by thee, the Master we know.***

***The Master within and the Master without are One. That One are we.***

***The One is all—my soul, thy soul, the Master and the soul of all. Discipleship in the New Age II p127***

# Christ the Redeemer

# Sanat Kumara the prototype of all World saviours

Sanat Kumara known as "the Great Sacrifice," is the prototype of all world saviours...

This was from pure choice, motivated by His "fixed determination" to function as the Saviour of the planet, in the same sense as the world Saviours come forth for the salvaging of humanity.

*Discipleship in the New Age Volume I p286*

# Christ the Saviour

Christ (on the path of the World Saviours) came in the sign of Pisces, the Fishes — the sign of the divine Intermediary in the highest sense, or of the medium in the lower; it is the sign of many of the world Saviours and of those Revealers of divinity Who establish world relationships.

*Destiny of Nations p147*

**The World Saviours are the everlasting symbol of the science of redemption.**

**It was to redeem substance and its forms that the planetary Logos came into manifestation, and the entire Hierarchy with its great Leader, the Christ (the present world Symbol), might be regarded as a hierarchy of redeemers, skilled in the science of redemption.**

**...It is the redemption of unprincipled substance, its creative restoration and spiritual integration, which is Their goal; the fruits of Their labour will be seen in the third and final solar system.**

**Their activity will produce a great spiritual and planetary fusion, of which the fusion of personality and soul (at a certain point upon the path of evolution) is the symbol in the microcosmic sense.**

***Education in the New Age p65***

The birth of Christ 2000 years ago during the age of Pisces

and his imminent  
reappearance inaugurating  
the Aquarian Age is part of  
the greater Plan for this solar  
system.

# Visualisation of group of healers

See in your mind's eye the members of our group in a circle.

Link up with them subjectively as well as other healing groups you may be affiliated with.

Feel a deep union with them ...

Recognise consciously that all Souls are one.

Let us say the mantra of the world saviours as we unite subjectively with our fellow brothers and sisters.

# Invoke the strength of our healing companions

*I am a messenger of Light.*

*I am a pilgrim on the way of love.*

*I do not walk alone but know myself as one with  
all great souls, and one with them in service.*

*Their strength is mine.*

*This strength I claim.*

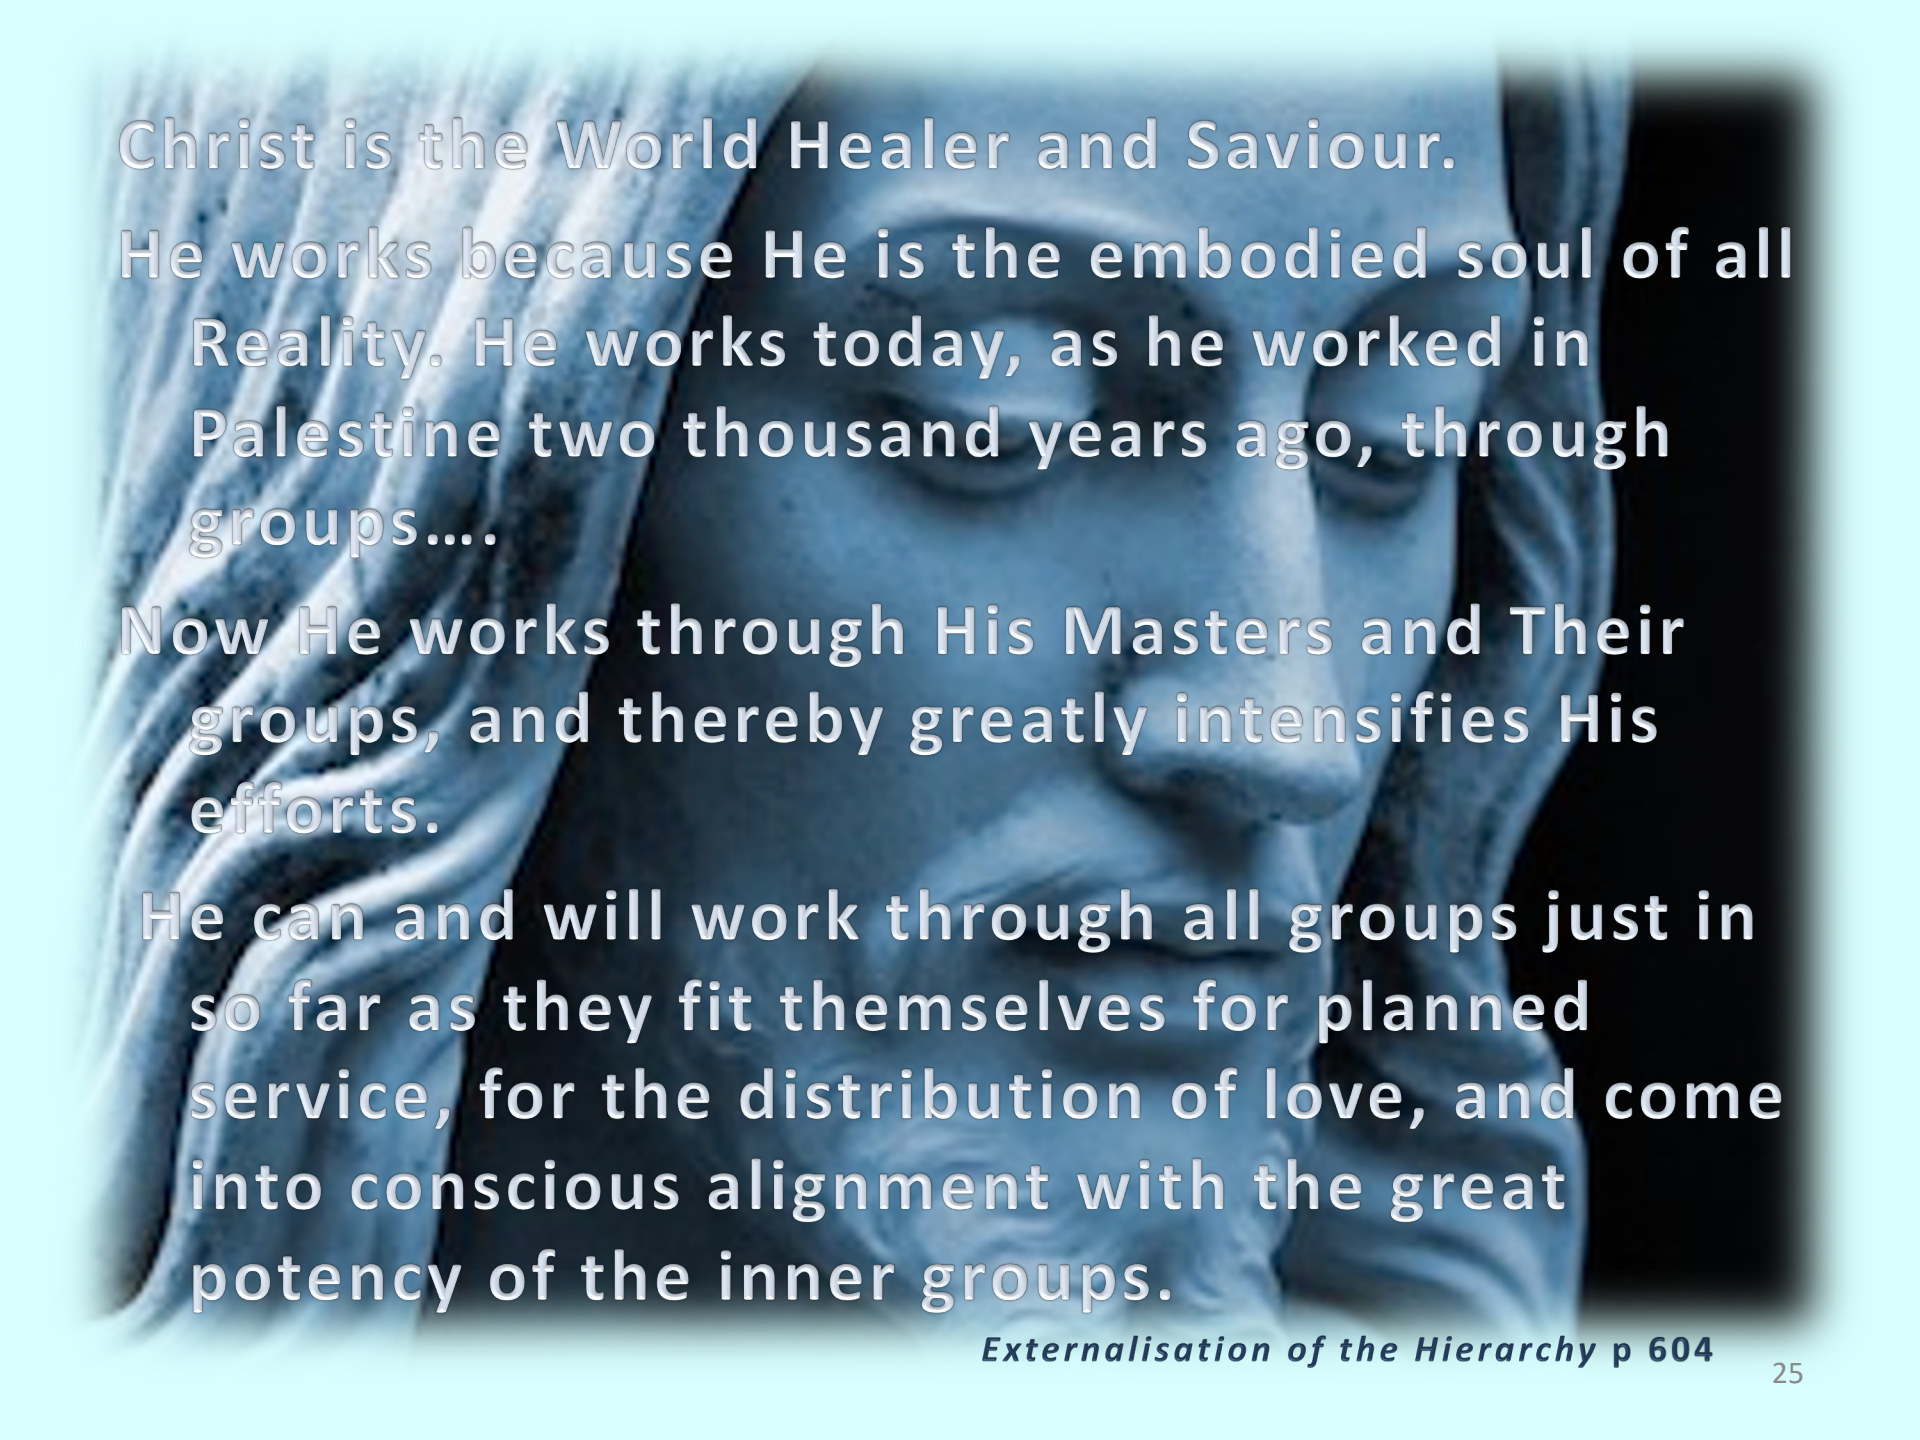

*My strength is theirs and this I freely give.*

*A soul, I walk on earth.*

*I represent the ONE.* Discipleship in the New Age Volume I p140

Let's sound an OM as we link with our healing companions.

Christ is the World Healer and Saviour.  
He works because He is the embodied soul of all  
Reality. He works today, as he worked in  
Palestine two thousand years ago, through  
groups....

Now He works through His Masters and Their  
groups, and thereby greatly intensifies His  
efforts.

He can and will work through all groups just in  
so far as they fit themselves for planned  
service, for the distribution of love, and come  
into conscious alignment with the great  
potency of the inner groups.

In...the Aquarian Age... The world will be saved and reconstructed by groups far more than by individuals

Now,.. there is emerging a group who will bring salvation to the world and who .. will so stimulate and energise the minds and souls of men that the new age will be ushered in by an outpouring of the Love, Knowledge and Harmony of God Himself, as well as by the reappearance of the Christ.

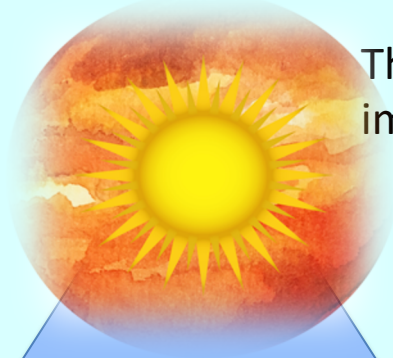

*Reappearance of the Christ p182*

# Christ's protective aura

Those disciples who work today in the world and do so consciously in order to aid the Christ and His mission, come within the protecting aura with which the Head of the Hierarchy at all times surrounds certain work undertaken by the Hierarchy in connection with our planet. *Discipleship in the New Age Volume II p748*

# The Spirit of Peace

A glowing white dove is depicted in flight, moving from the upper left towards the lower right. The dove's wings are spread, and it has a long, flowing tail. The background is a deep blue with bright, ethereal light rays emanating from behind the dove, creating a sense of divine presence and peace.

*The Spirit of peace or the Spirit of Equilibrium is an extra planetary being of terrific cosmic potency.*

Reappearance of the Christ p74

*Christ serves as a channel for his directed potency as he will not descend from his high place.*

Reappearance of the Christ p75

*He is destined to bring peace eventually upon Earth, through the expression of goodwill which will bring about right human relations.*

Reappearance of the Christ p75

*He will, when the right time comes, vitalise the responsiveness of humanity, via the influence of the Hierarchy, to the will of God which has for basic intent the bringing of peace on earth.*

### **What is peace?**

*It is essentially the establishing*

- of right human relations,*
- of synthetic rapport with its resultant cooperation,*
- of correct interplay between the three planetary centres and*

*an illumined, loving understanding of the will of God as it affects humanity and works out divine intent. Externalisation of the Hierarchy p161*

*The Christ established for the first time in planetary history a contact between the Hierarchy, Humanity, Shamballa and the Spirit of Peace in His Own high place...*

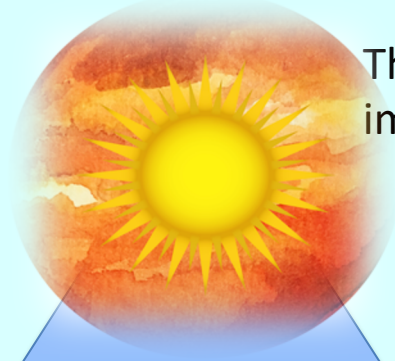

*This achievement enabled Him to put Humanity in touch with the Spirit of Peace.*

*He thus Himself became the Light of the World and the Prince of Peace.*

# Master D.K. and the healing angels

Master D.K. works largely, too, with certain groups of the devas of the ethers, who are the healing devas, and who thus collaborate with Him in the work of healing some of the physical ills of humanity. IHSp58

When He, Whom both angels and men await, will approach near unto this physical plane, He will bring with Him not only some of the Great Ones and the Masters, but some of the Devas who stand to the deva evolution as the Masters to the human.....

The call has gone forth for them to approach humanity, and with their heightened vibration and superior knowledge unite their forces with those of humanity, for the progression of the two evolutions.

They have much to impart anent colour and sound, and their effect upon the etheric bodies of men and animals.

When that, which they have to give, is apprehended by the race, physical ills will be nullified and attention will be centred upon the infirmities of the astral or emotional body.

*Esoteric Psychology Volume I p123*

**Let's invite the presence and cooperation of the healing devas/angels working under Christ.**

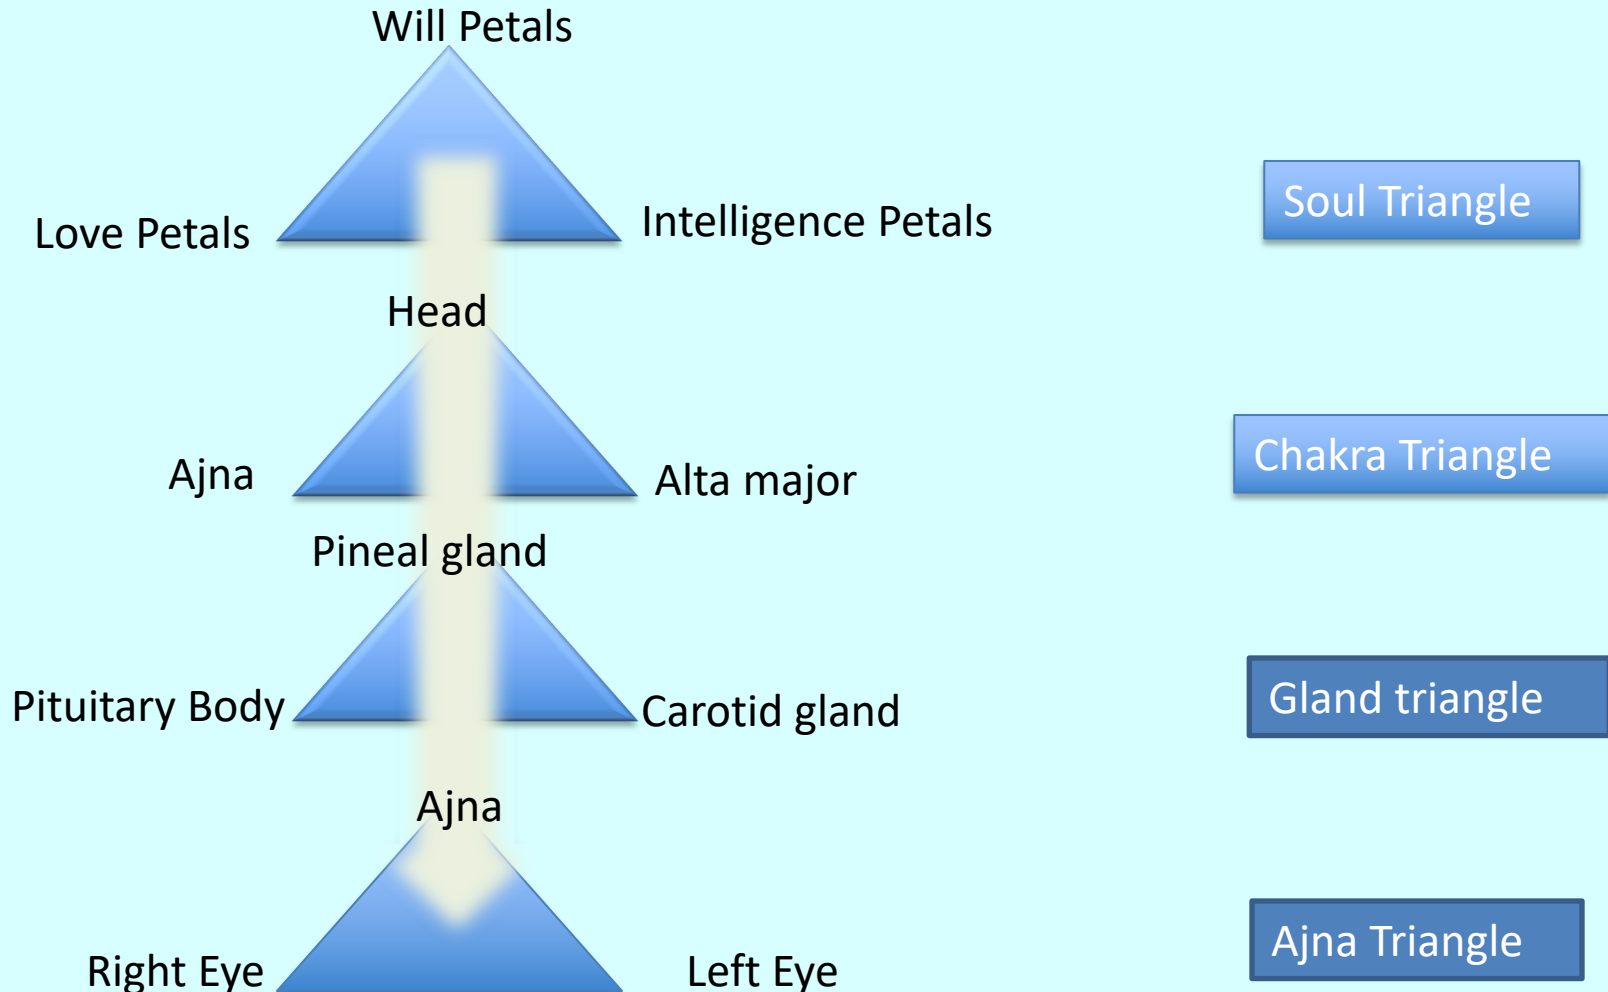

**Visualise them surrounding us and enlivening us with their magnetism.**

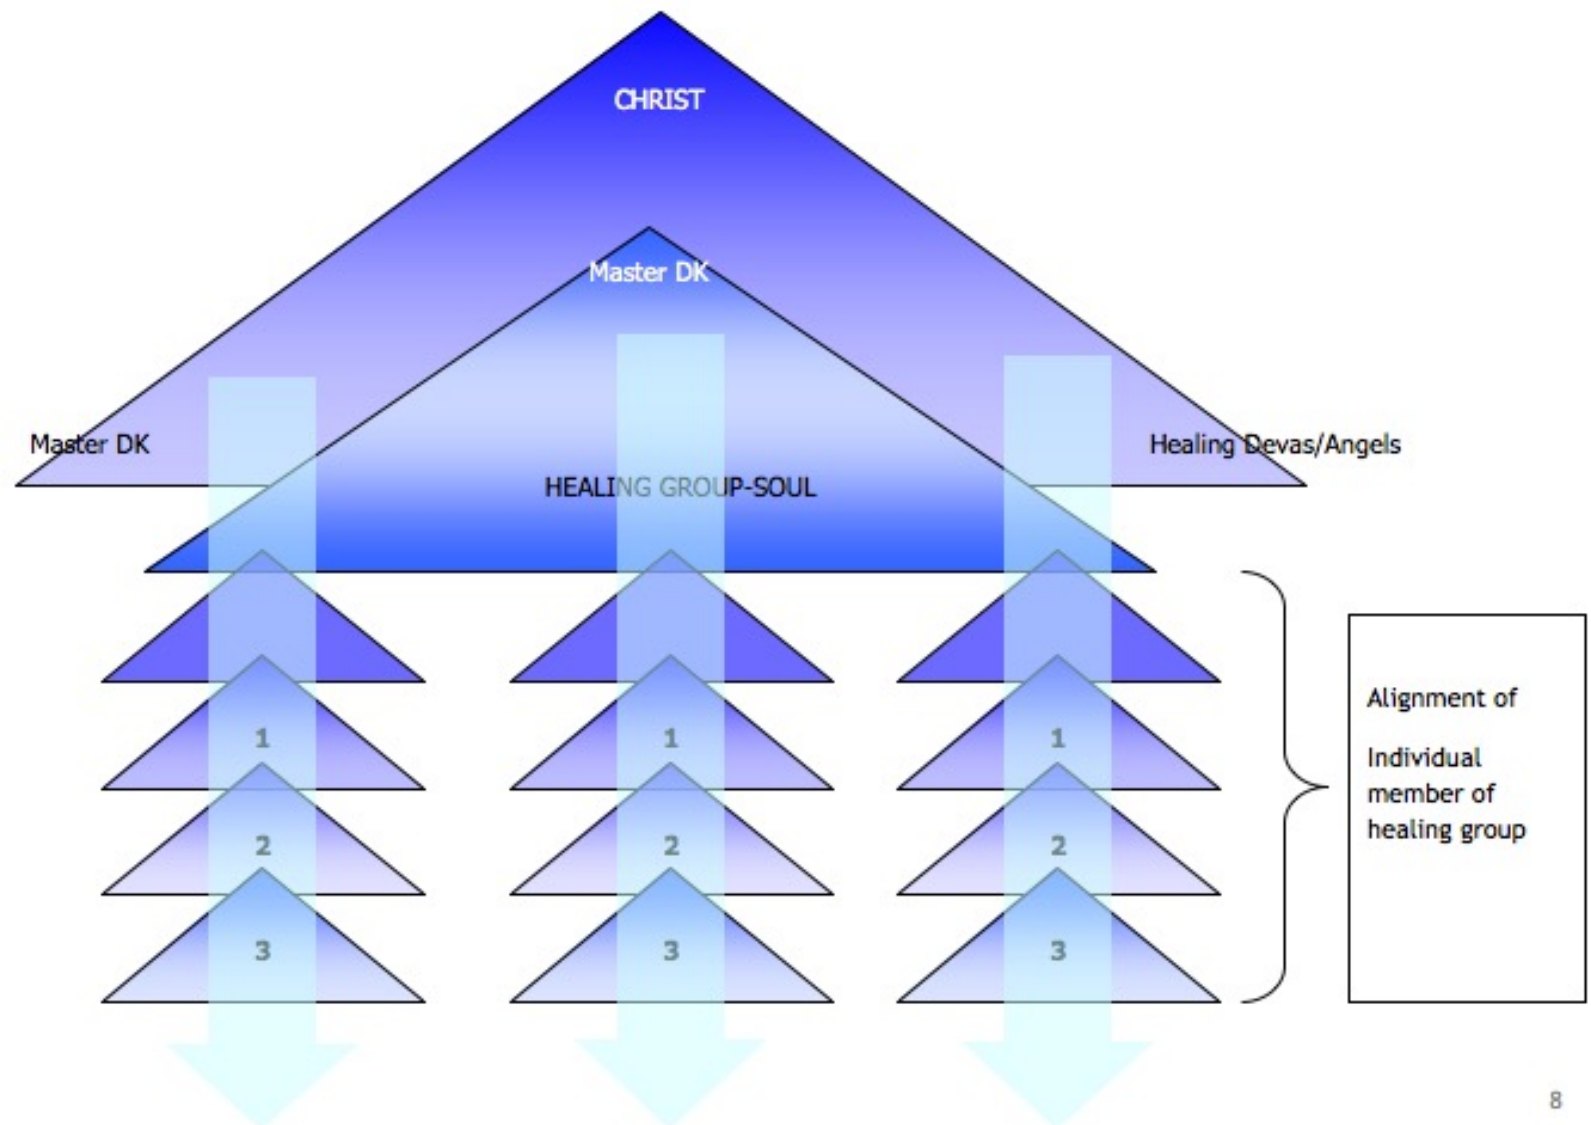

# Inner alignment: superimposition of triangles

Let us link the four sets of triangles to,  
focus,  
step down,  
vitalise and  
direct  
the energy of the soul.

## Alignment for healing group

Say the following mantra, endeavouring to realise its significance as you say it:

*We stand in spiritual Being and, as a soul,  
we serve.*

*We stand within the Light,  
and as the light shines throughout our form,  
we radiate that light.*

*We stand within the love of God, and as that  
love streams through and from our heart,  
we magnetise the ones we seek to aid.*

*Discipleship in the New Age Volume I p213*

**Picture the group as a giant lotus, as a  
radiant centre of energy or a vivid point of  
light irradiated with the light of the Christ  
and Hierarchy**

**Sound an OM as the group united with  
Hierarchy and the Christ**

***The work of all World Saviours and Teachers is to act primarily as distributors of divine energy and as channels for spiritual force.***

***Externalisation of the Hierarchy p408***

**So as such, let's offer ourselves as channels through whom the Christ, Hierarchy and the angels can pour their Love, light and magnetism.**

Say the following group mantram:

"With purity of motive, inspired by a loving heart, we offer ourselves for this work of healing.

This offer we make as a group and to the one (s) [...*name of patient(s)*] we seek to heal."

# List of patients

**Say aloud the names of the patient(s)  
you'd like to nominate.**

**Visualise the patient(s) clearly in your  
mind.**

# Visualisation of the healing process

**Sound the OM as a soul, establishing the link whereby you can reach the patients and the group life can flow to them. DINA I p306**

**Visualise the healers in a circle and place the patients within our circle.**

**In your mind's eye, see the healers' united aura surrounding and blending with the group aura of the patients.**

# Visualisation of the healing process

**From the ajna centre, see moving lines of living light substance going out from you to the heart centre of the group and to the patients, linking you to your healing brothers on the one hand, and to the patients on the other.**

**Then use thought, directed thought, for a brief moment and think of the ones you seek to heal, linking up with them and focussing your attention on them so that they become a reality in your consciousness and close to you.**

# List of ailments of your patients

Recall briefly the patient(s)' difficulty to your mind and then dismiss it.

e.g. Tom - heart attack

Visualise a stream of pure unconditional loving energy emanating from the Christ and Hierarchy through the group soul through the group to you.

Feel a deep love pouring into you. Be aware that Love is energy and a substance as real as dense matter that can be used for driving out diseased tissue and provide a healthy substitute

Then send it out as a golden stream of radiant light from the ajna centre. You may use your hands to direct the flow if you wish.

Then send it out as a golden stream of radiant light from the ajna centre and direct it through the medium of your hands to the patient(s).

Direct it on to the patient(s).

# Say the following group mantram:

As you do this, say aloud in a low voice: Say this slowly and deliberately, believing in the results.

*“Healing of the nations”*

*Christ will bring  
the "healing of the  
nations" in His  
wings.*

The Rays and the Initiations p94

The distressed call from humanity has reached the ears of the Father, the Planetary Logos, the "One in Whom we live and move and have our being", the Lord of the World, the Ancient of Days.

The appeal of simple, faithful hearts has penetrated to the highest spiritual sphere and set in motion energies and forces which cannot now be stopped. It has given rise to certain activities in the Father's House.

These will result in the glory of God, in the transformation of the divine will-to-good into human goodwill, and resultant peace on Earth. *Destiny of Nations p148*

The major impulse driving the Christ towards special work was the desire to establish right human relations;

it is also the desire — realised or unrealised — of humanity, and

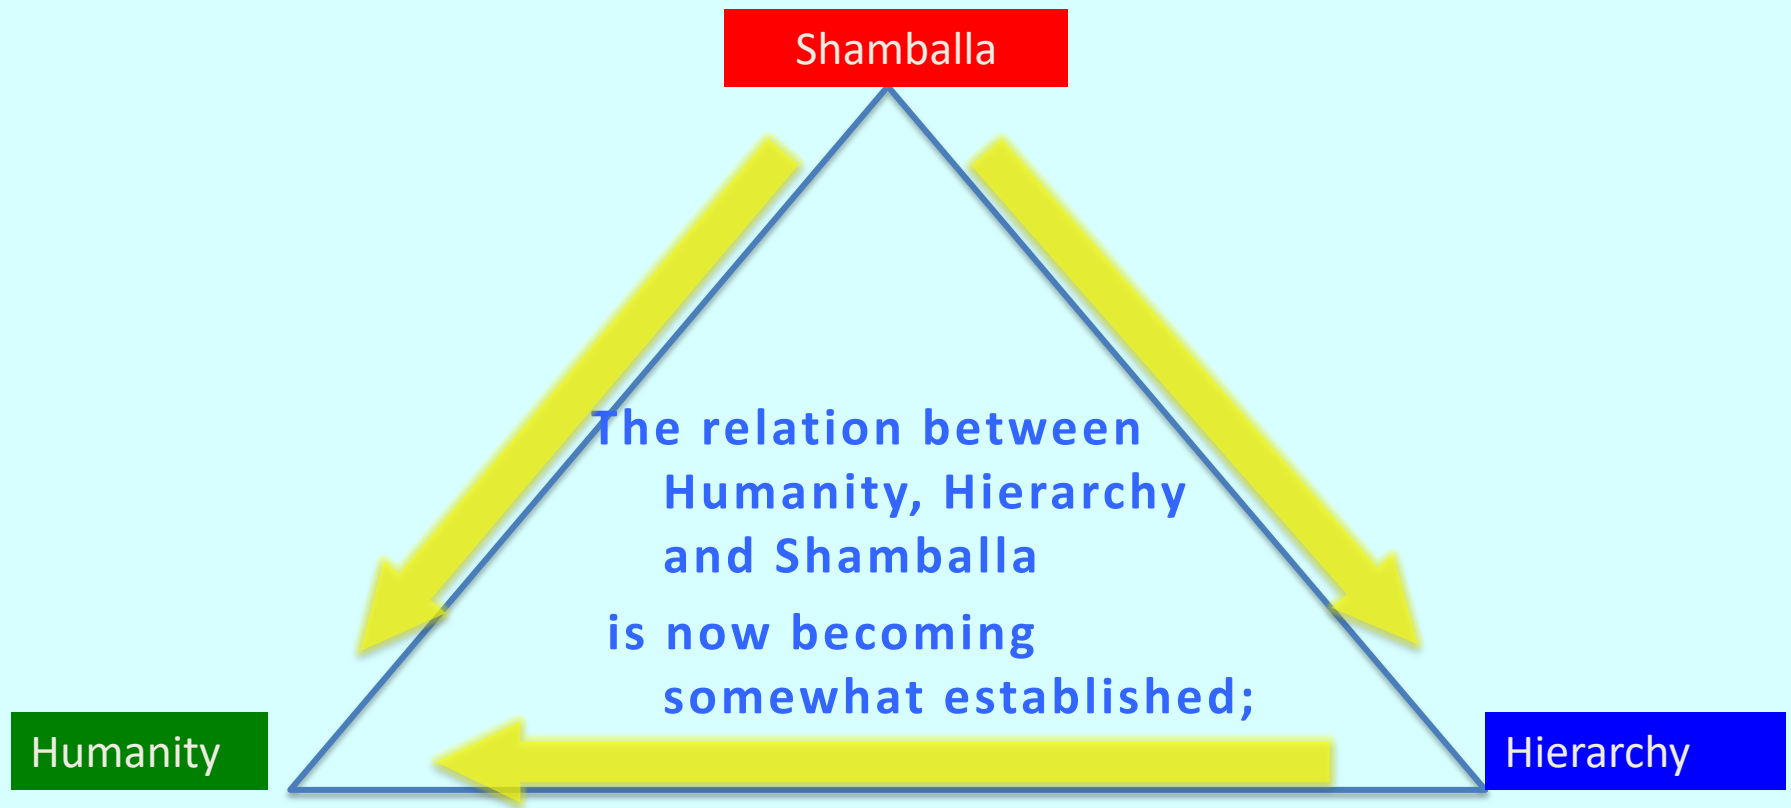

we know that some day the Desire of all nations will come,

that right human relations will be found everywhere and

that goodwill will implement that fulfilment, leading to peace in all lands and among all peoples.

*Destiny of Nations* p148

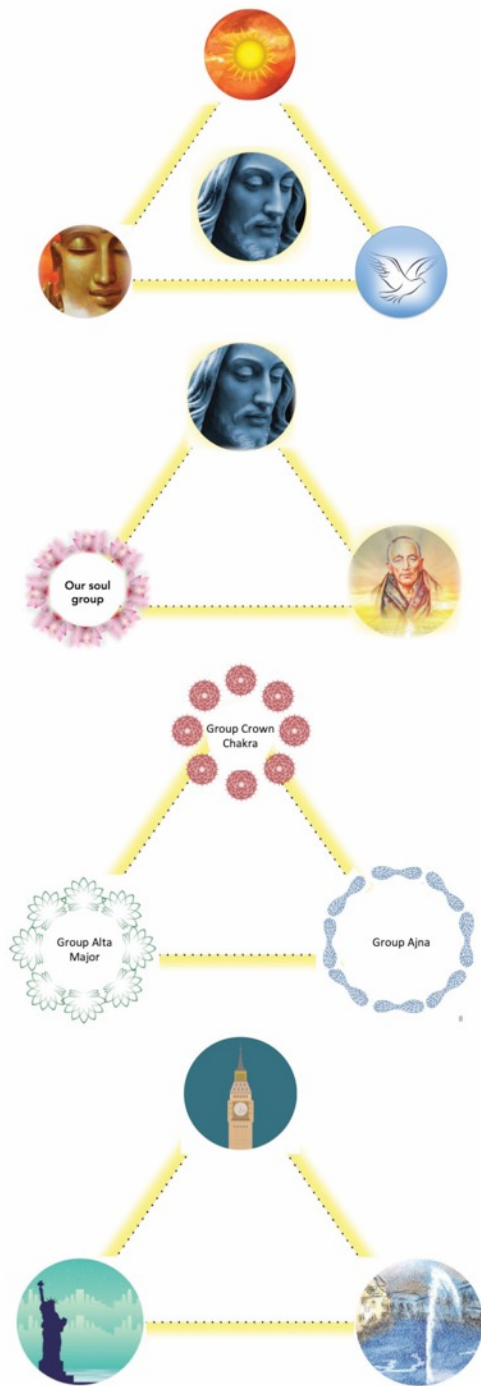

The inflow of light and love to humanity is now possible if the disciples and aspirants of the world can be led to make the needed effort to stand in spiritual being and, from that poised attentive attitude, to invoke these great Entities. *Externalisation of the Hierarchy* p160

**Formulate your own areas of trouble or areas in need of healing in the world.**

**Then dismiss these problems.**

**Let us link the four sets

Now let's invoke these great spiritual beings by visualising the flow of unconditional Love or the will-to-good emanating from the triangle:

- Avatar of synthesis-
- Spirit of peace-
- The Buddha powering the Christ at the centre.

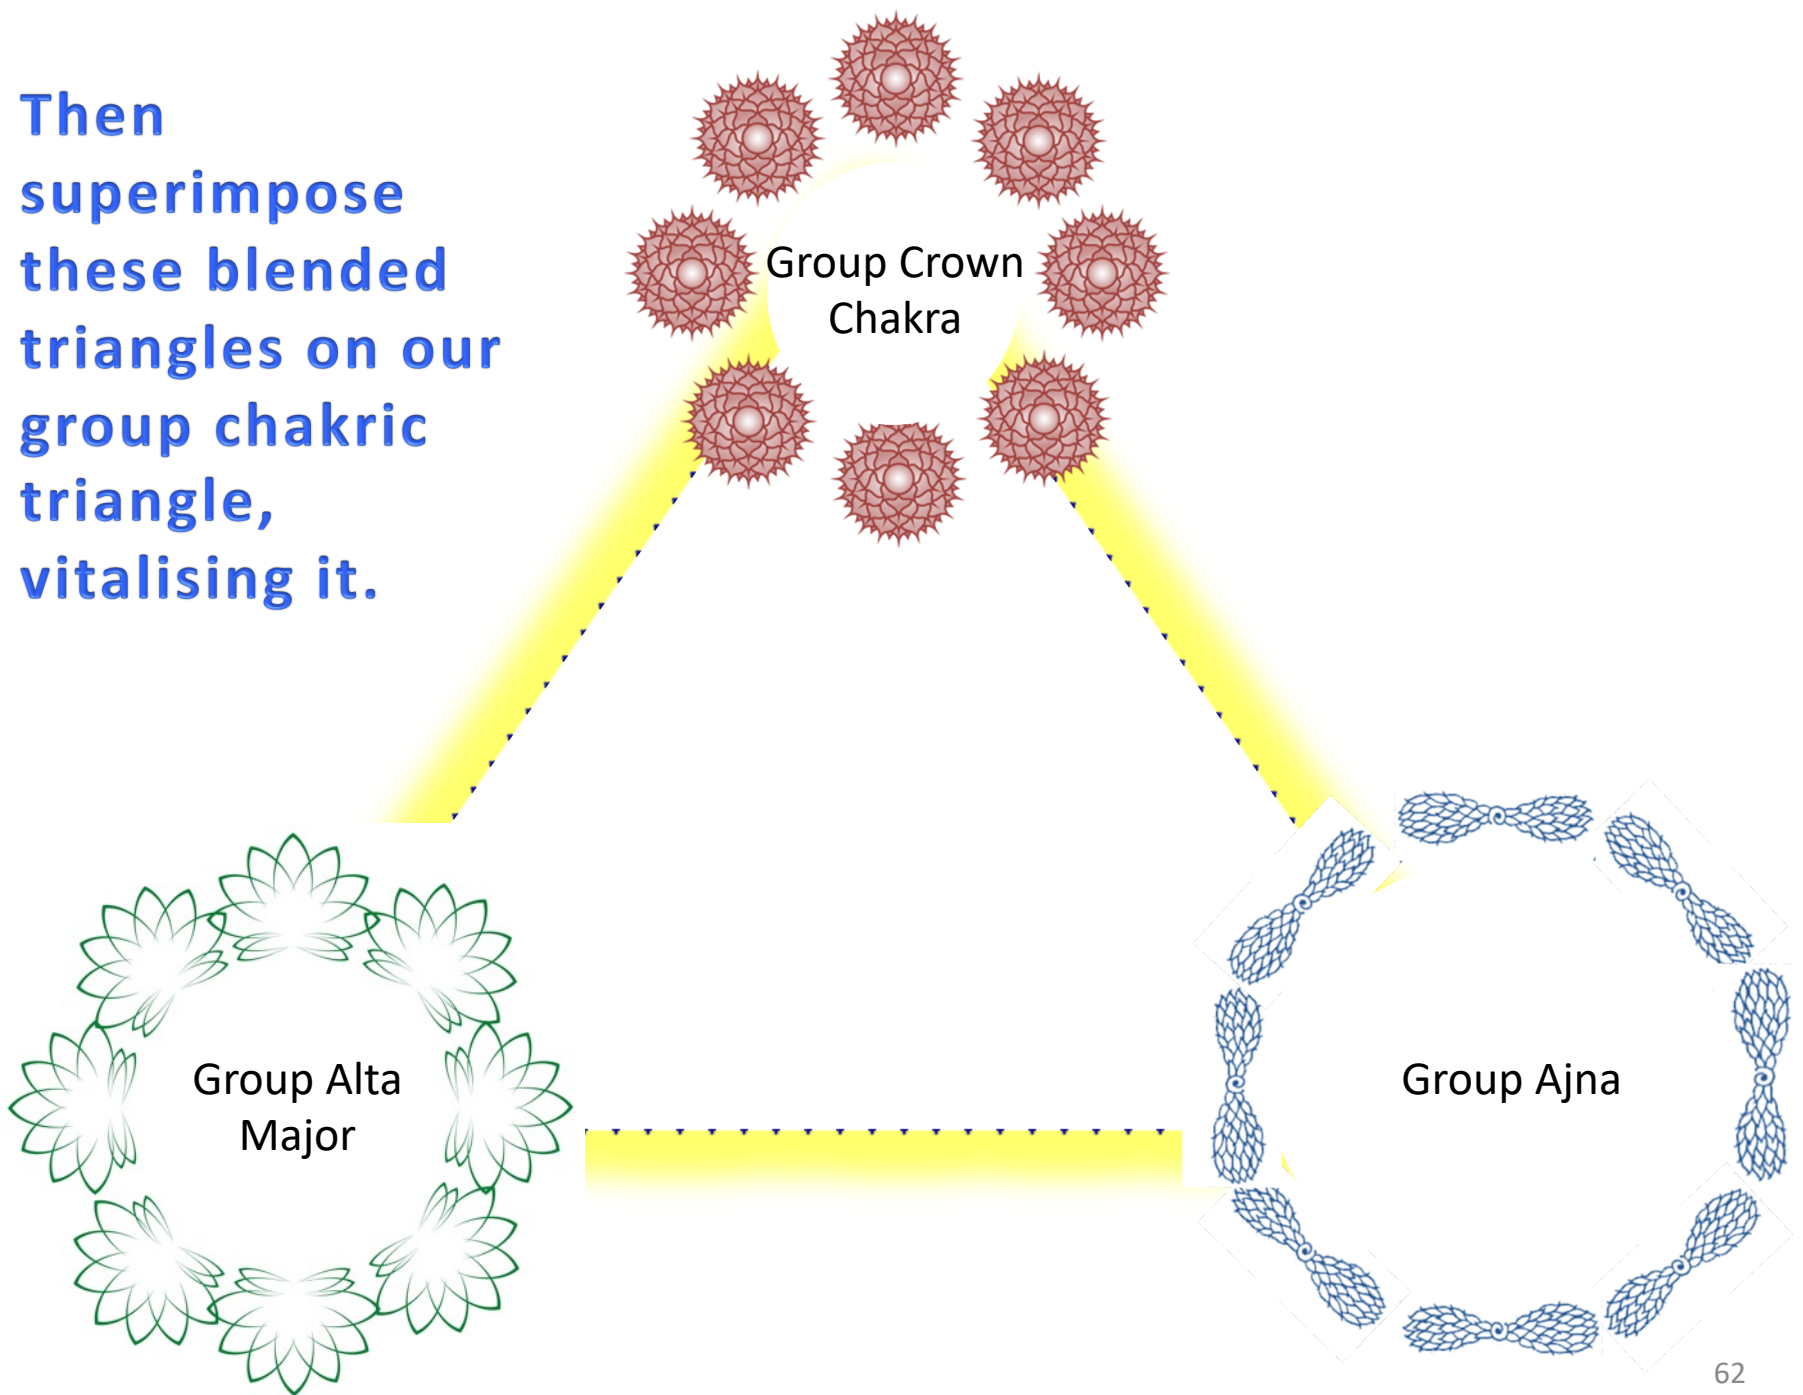

**Superimpose  
the emanating  
triangle on the  
soul triangle.**

**Then  
superimpose  
these blended  
triangles on our  
group chakric  
triangle,  
vitalising it.**

Then directing  
the dispelling  
radiance via our  
group ajna -  
right eye - left  
eye triangle,  
place the  
blended triangle  
over the three  
planetary  
centres triangle:

# Soul of humanity stirs

The Angel of the Presence, the soul of humanity,  
as embodied in the Hierarchy and those  
who are consciously endeavouring to  
function as souls,  
can now stir these reservoirs of force and  
light upon etheric levels in Shamballa  
so that a definite "healing of the nations"  
can take place. *Externalisation of the Hierarchy p159*

# The Angel of the presence, soul of humanity

# Close of the healing process

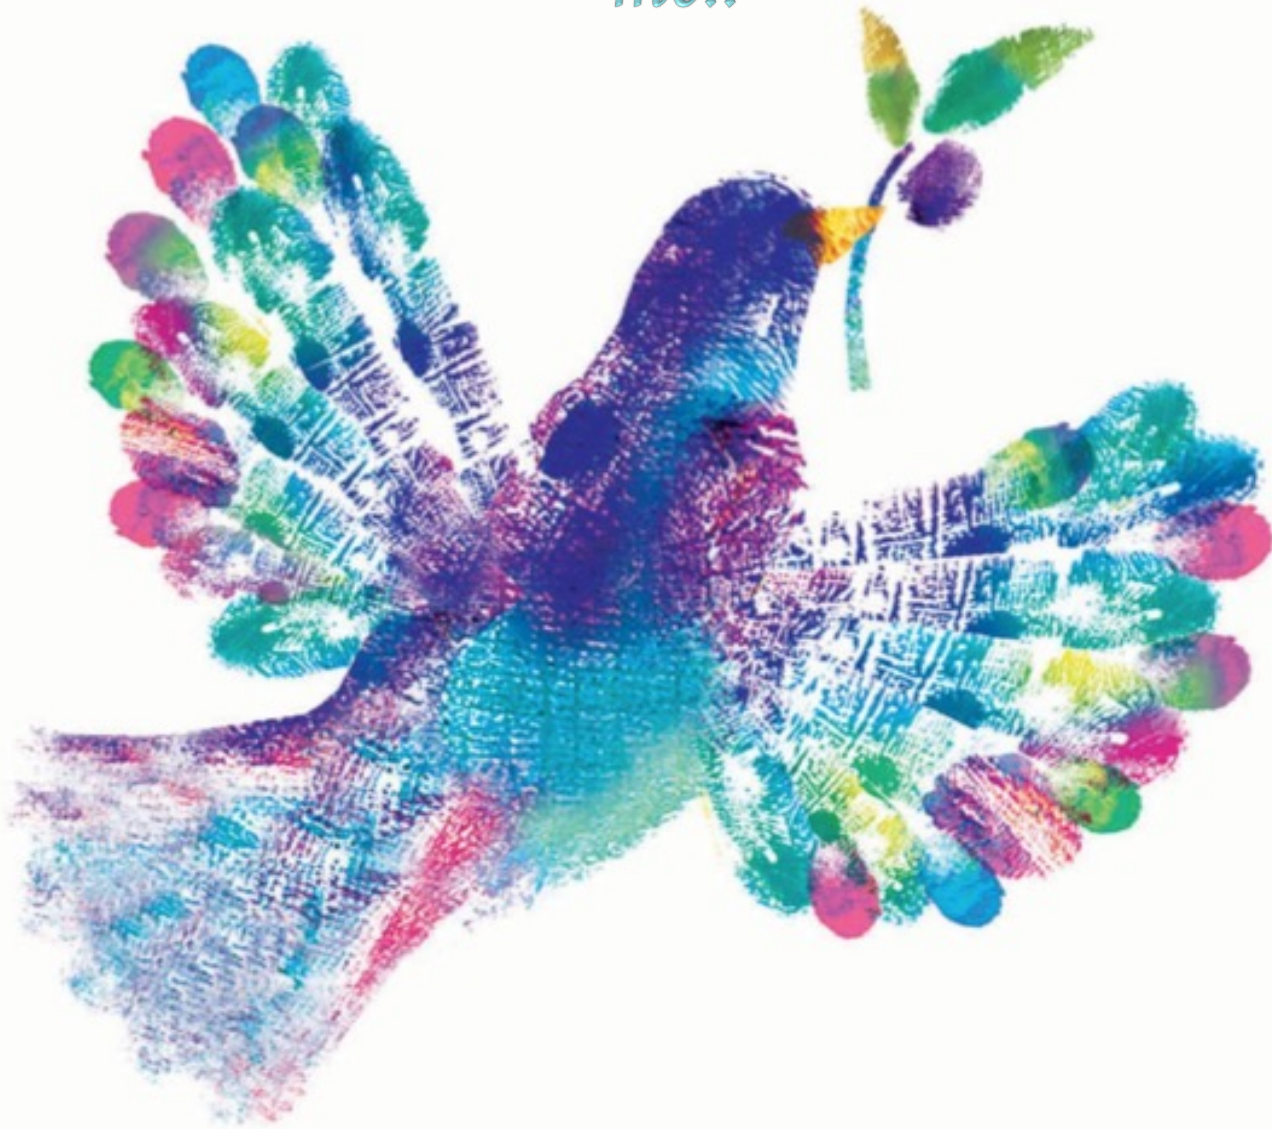

**Withdraw healing energy from the hands back to the brain to the ajna and back to the soul.**

**Let us thank the inner group of souls, who have joined us subjectively, for their participation.**

**Let us thank the Christ and Master D.K. for their radiating presence.**

**Let us thank the healing angels/Devas for their contribution and their magnetism.**

*Let there be peace on earth and let it begin with  
me..*

# Call to a united act of service

I would ask you to call as many people as you can reach through the medium of every available channel to a definite activity upon the coming Christmas day, if possible, and again at the time of the full moon of January, thus making two great appeals to the Forces of Peace and Light, so that they may help humanity.

I would ask you to get in touch with leaders and workers—important and unimportant—in every land, asking them to associate themselves in their own way and with their own people, and to do this on as large a scale as possible.

The times are ripe for a response to these ideas; the recognised pain and distress of the world will open both hearts and purses.

The idea of a Christmas appeal and call to prayer and to invocation of the Prince of Peace will be potent in evoking a desirable reaction, and will serve also to blend into closer unity all who recognise the work the Hierarchy is attempting to do.

I would ask you to call for help from all sides, and to let these ideas work out into the world on the basis of their usefulness and opportuneness.

Omit from this appeal none that you know, for through them millions can be reached and swung into the desired activity. *Externalisation of the Hierarchy* p174

# Invocation backed by focussed will

The Spirit of Peace, a potent Individual, wielding forces hitherto unfamiliar to our planet, is hovering close to humanity, seeking opportunity to make His Presence felt...

But the door to Their entrance must be opened by humanity itself and it will be opened by a *united act of the will*, expressed through some formula of words and expressed in sound.

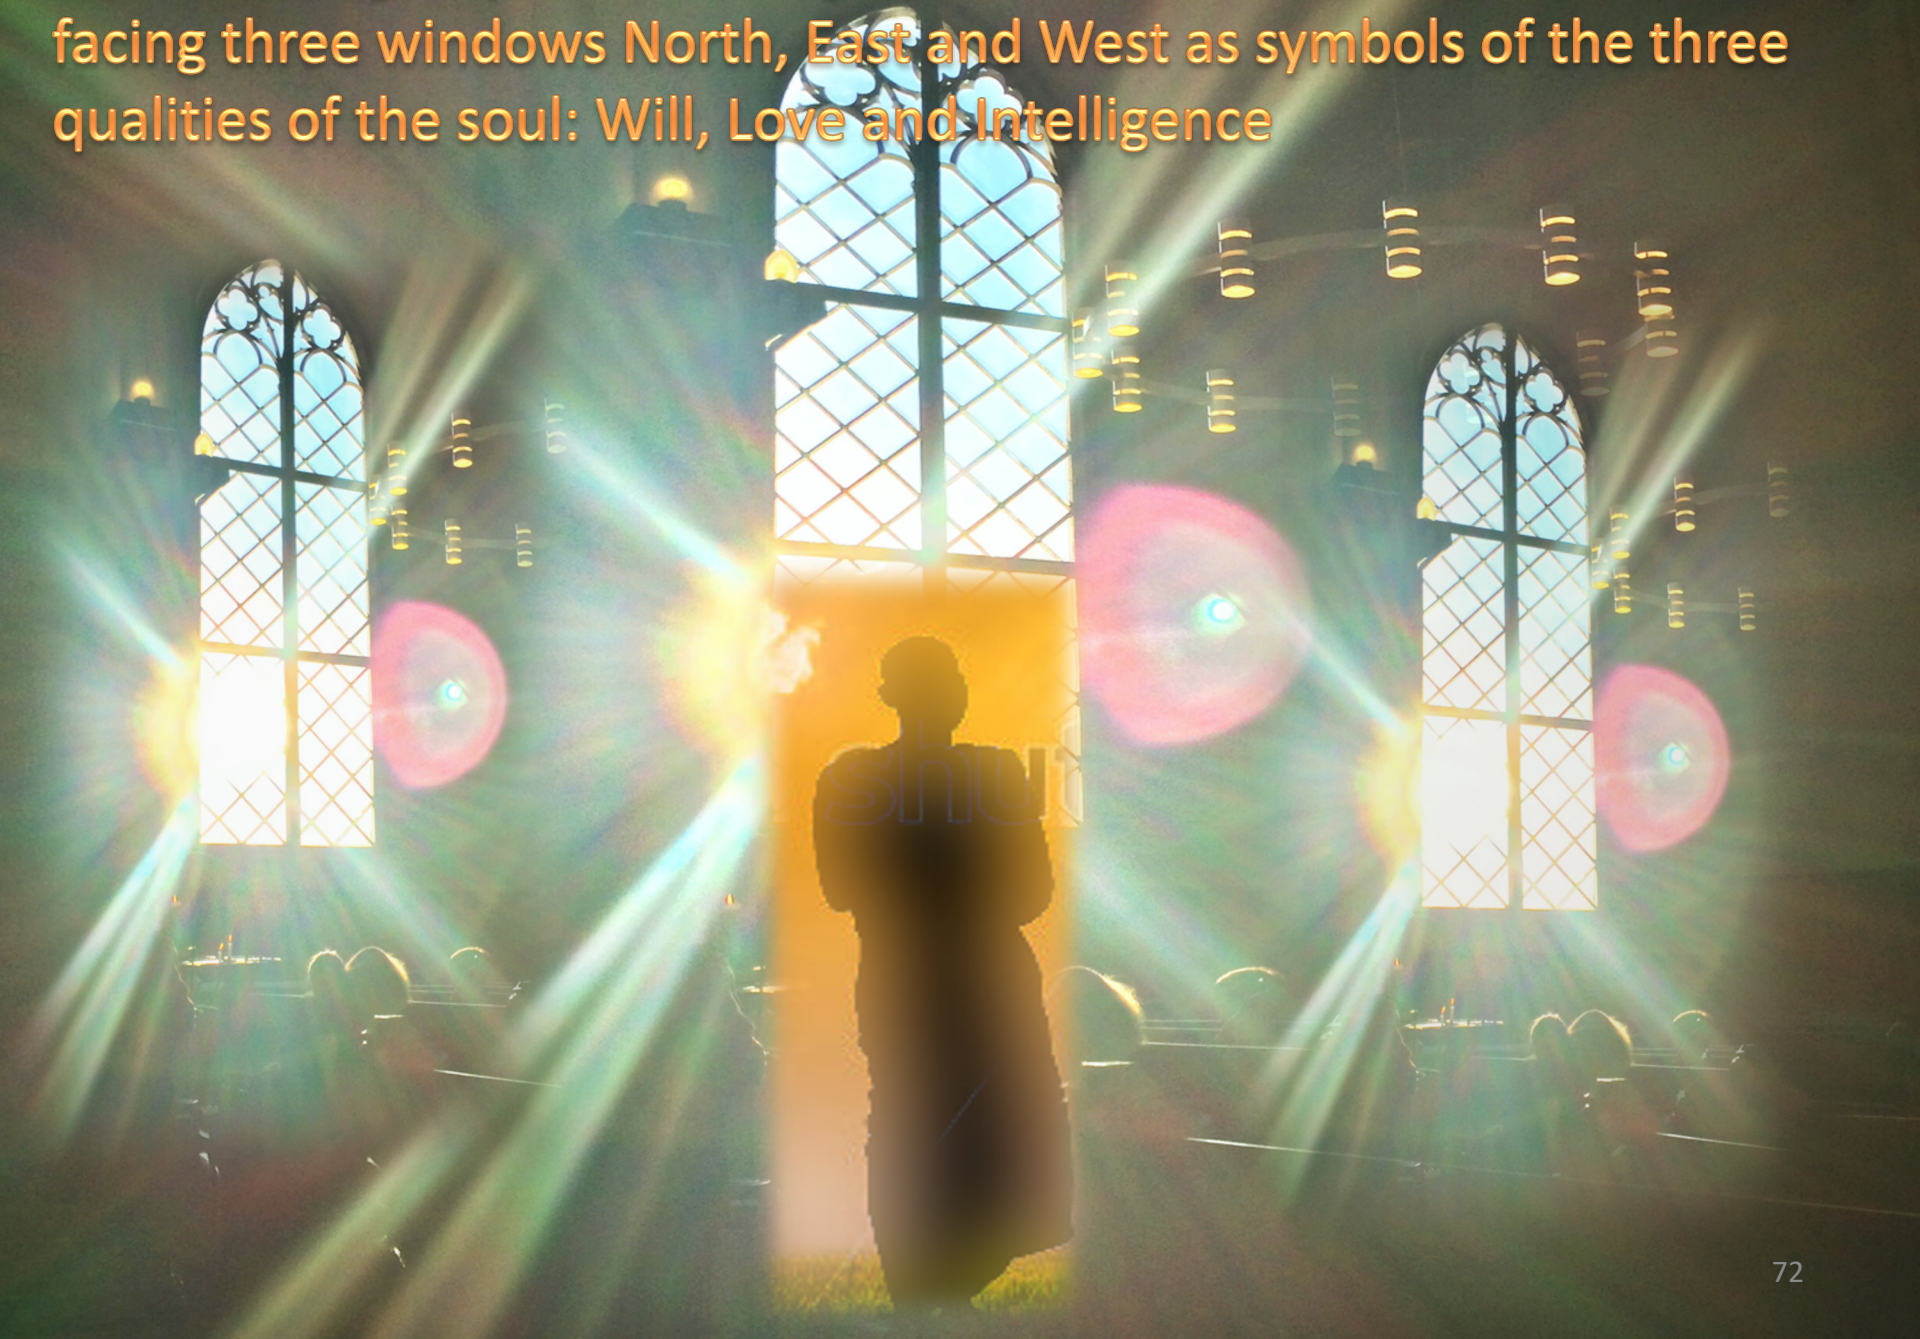

It will be brought about by an activity performed simultaneously by all men and women of goodwill and by all the world aspirants and disciples.

The door will not open unless the act of invocation is backed by the focussed will.

The directed determination of the man or the group who is using the suggested formula, prayer or invocation is **essential**. *Externalisation of the Hierarchy* p173

Picture the group surrounding Master D.K. and members of Hierarchy facing three windows North, East and West as symbols of the three qualities of the soul: Will, Love and Intelligence

# The Great invocation

Say the great invocation as a group, **with intensity of feeling**, in unison with our healing brothers on earth and Hierarchy on the inner planes

**From the point of Light within the Mind of God  
Let light stream forth into the minds of men.  
Let Light descend on Earth.**

**Sound a blue OM**

**From the point of Love within the Heart of God  
Let love stream forth into the hearts of men.  
May Christ return to Earth.**

**Sound a blue OM**

**From the centre where the Will of God is known  
Let purpose guide the little wills of men—  
The purpose which the Masters know and serve.**

**Sound a blue OM**

**From the centre which we call the race of men  
Let the Plan of Love and Light work out.  
And may it seal the door where evil dwells.**

**Let Light and Love and Power restore the Plan on Earth**

**Sound a blue OM**

**Raise your clasped hands above the head, and say "So let it be and help us do our part".**

**At the last word—bring them down to the forehead and then to the heart**
