

A close-up, slightly blurred image of a Buddha's face, showing the eyes, nose, and mouth. The Buddha has a serene expression with closed eyes. The background is a soft, warm glow. The text is overlaid on the center of the face.

Wesak Festival

Taurus Full Moon

Visualisation of the Wesak Festival

A photograph of a mountain valley. The foreground is a dry, brownish landscape with sparse vegetation. In the middle ground, there are several mountain peaks, some of which are covered in snow. The sky is a clear, bright blue. The overall scene is a high-altitude mountain range.

High up in the foot hills of the Himalayan-Tibet ranges , there is a valley called the Wesak valley, surrounded by high mountains on all sides except towards the north east where there is **NARROW OPENING** in the mountain range.

Up towards the northern end there is a huge flat rock. In that valley, there are no trees or shrubs.

But it's covered with grass and the side of the mountains covered in trees.

There a group of beings gather, the masters of hierarchy, custodians of the Logos' plan in all their grades all taught and led by the Christ the head of Hierarchy, the Master of all masters, the teacher alike of men and angels.

They place themselves facing the eastern end of the valley, in concentric circles according to their initiatory status.

They all gather together for a great act of sacrifice for humanity.

Three beings stand in front of a flat rock, looking towards the east.

The Christ in the centre, the Manu the R1 master on his right and the Mahachohan the R3 Master on his left.

The three Masters face the rock upon which rests a crystal bowl of water.

They carry bowls too.

Behind that small group of masters stand the other masters, with all their initiates disciples in their various grades according to their ashram.

They all stand together with their cup in their hands.

A crowd gathers there some in their physical presence but others, in their subjective bodies, like us right now.

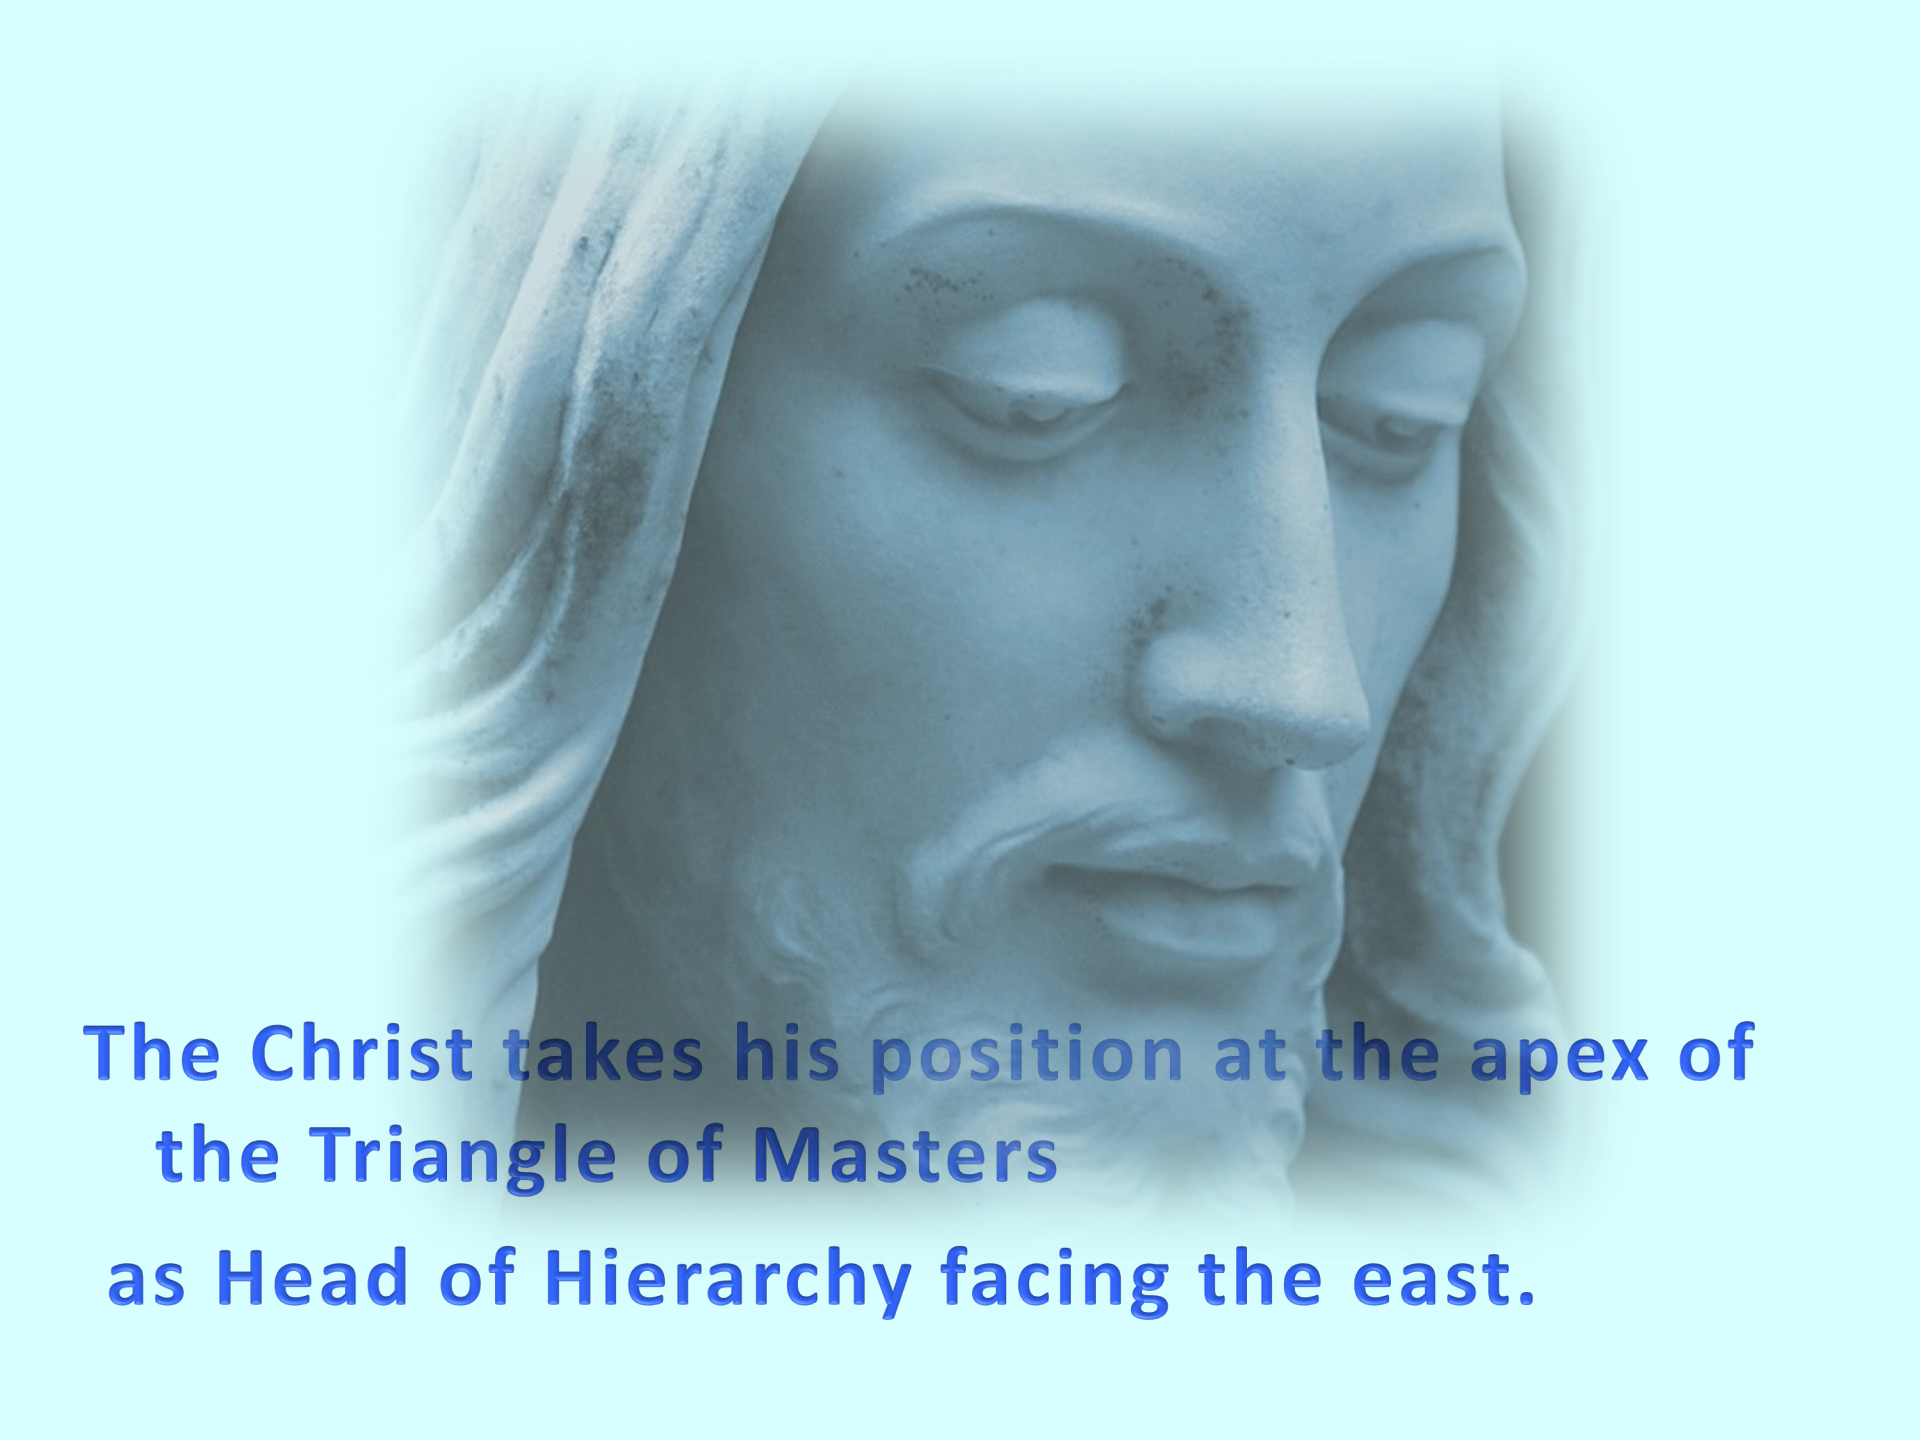

So find your group, join in with your soul brothers and sisters.

**The whole great white brotherhood
stands together as one in silence,
very reverently, in disciplined purity,
selflessness and utmost receptivity...**

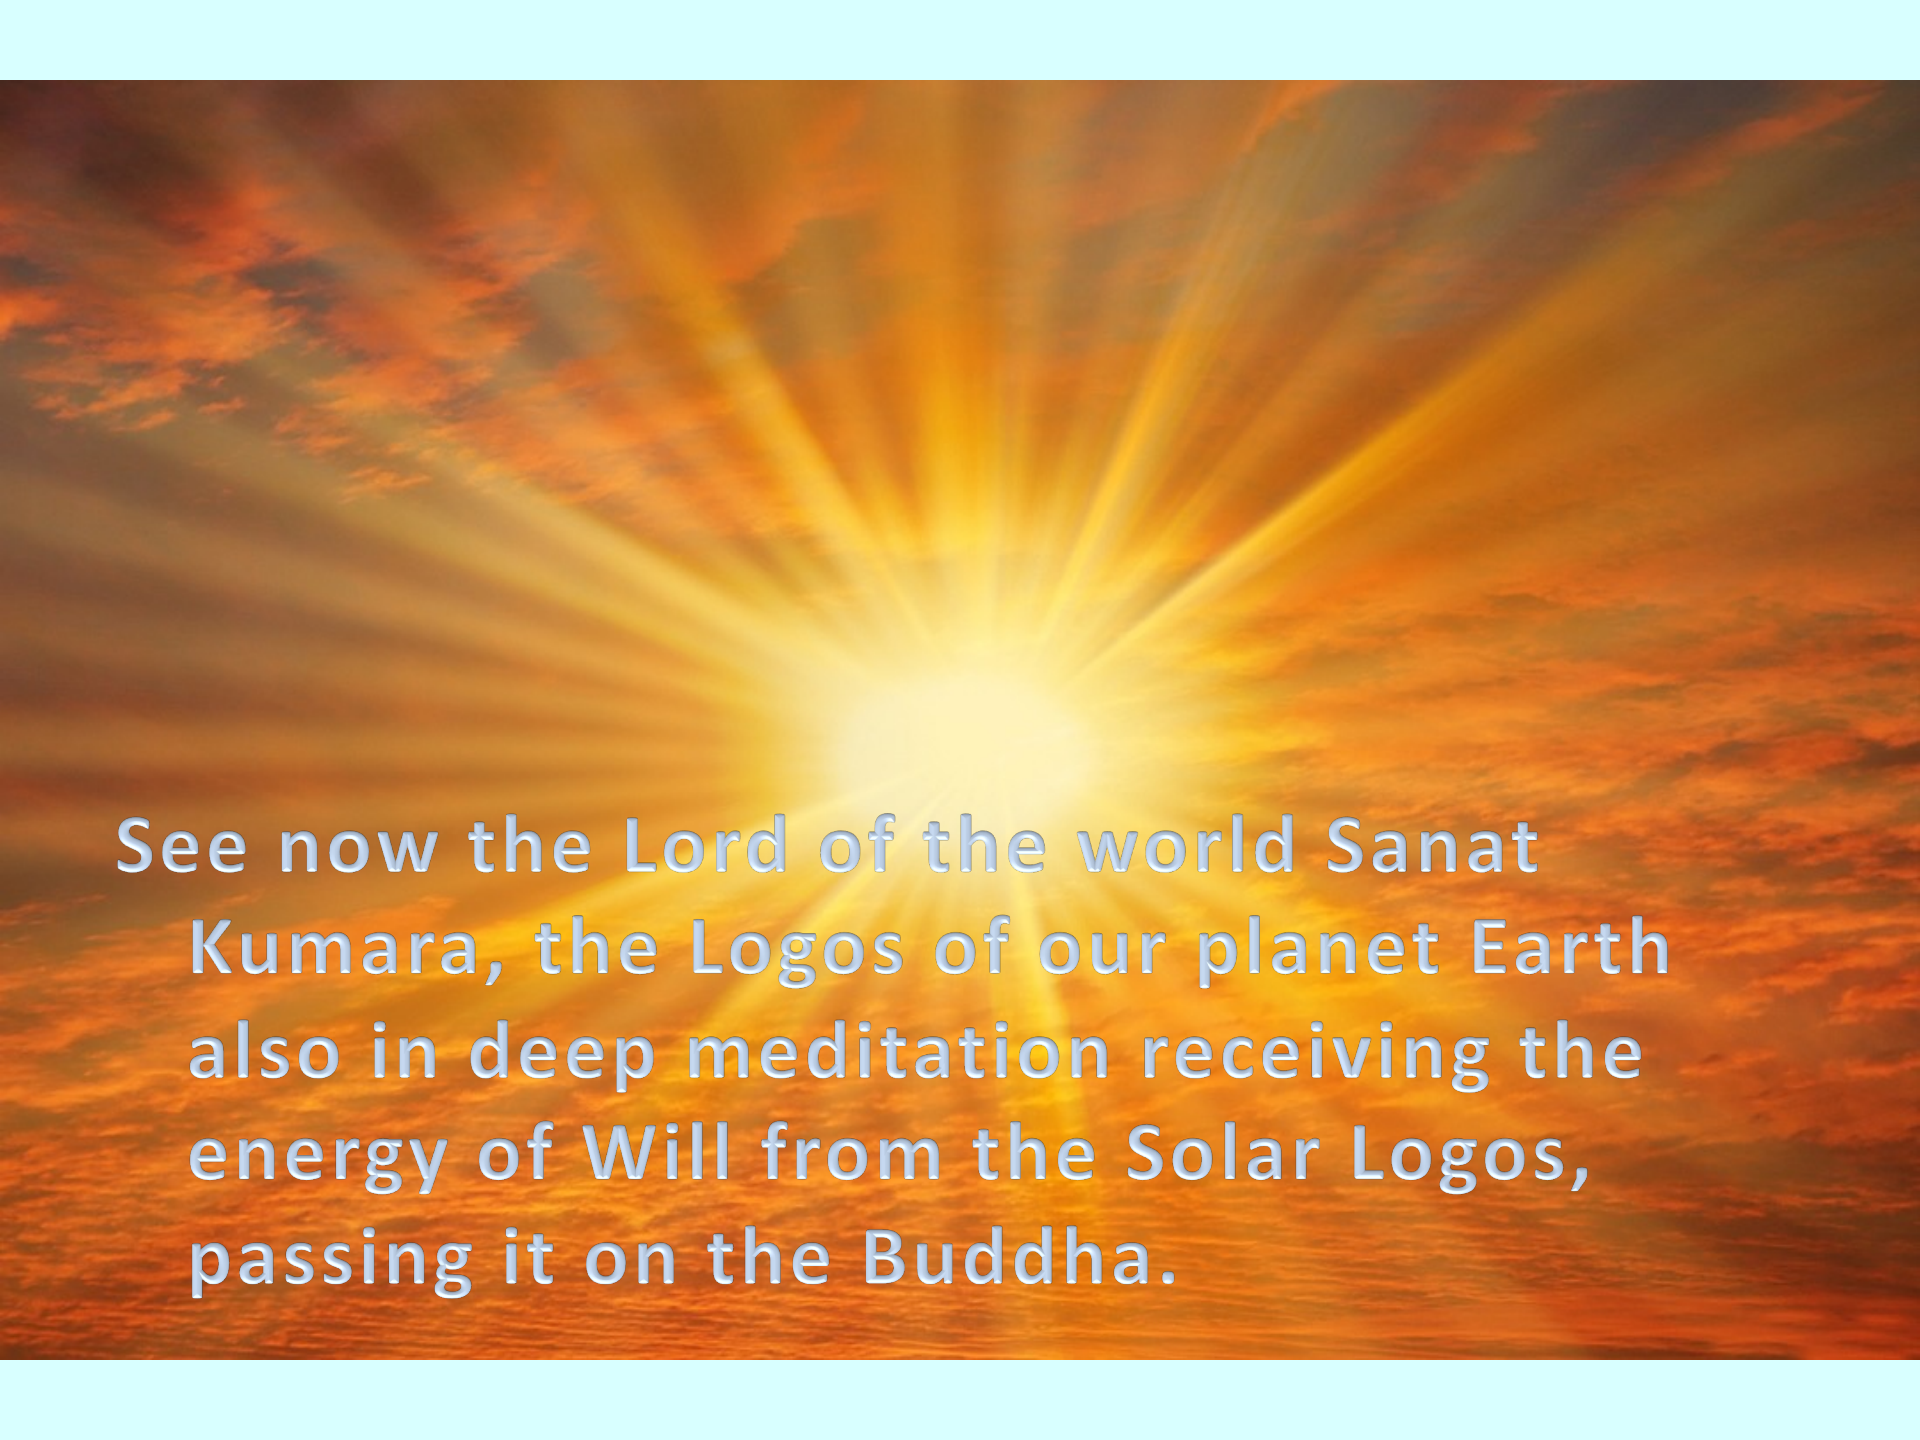

**Only the soft movement of people
taking up their symbolic positions in
anticipation of the Buddha's
presence, can be heard...**

Then a focussed silence descends upon the crowd. It's a still night, not a cloud in the sky, no wind, not a sound or a whisper.

All of us are poised, serene and receptive waiting calmly, for the presence of the Buddha, who will appear shortly for a brief 8 minutes, to shower humanity with Light and to bless hierarchy and humanity transmitting the will of the logos to us.

**The Christ takes his position at the apex of
the Triangle of Masters
as Head of Hierarchy facing the east.**

See now the Lord of the world Sanat Kumara, the Logos of our planet Earth also in deep meditation receiving the energy of Will from the Solar Logos, passing it on the Buddha.

**The Buddha,
the embodiment of the
forces of Light, in turn
directs the Forces of Light
and Enlightenment
to the Christ
the Embodiment of Love,
the agent of the Spirit of
Peace, pouring unto him
renewed Spiritual Life and
Light.**

Gong...long pause

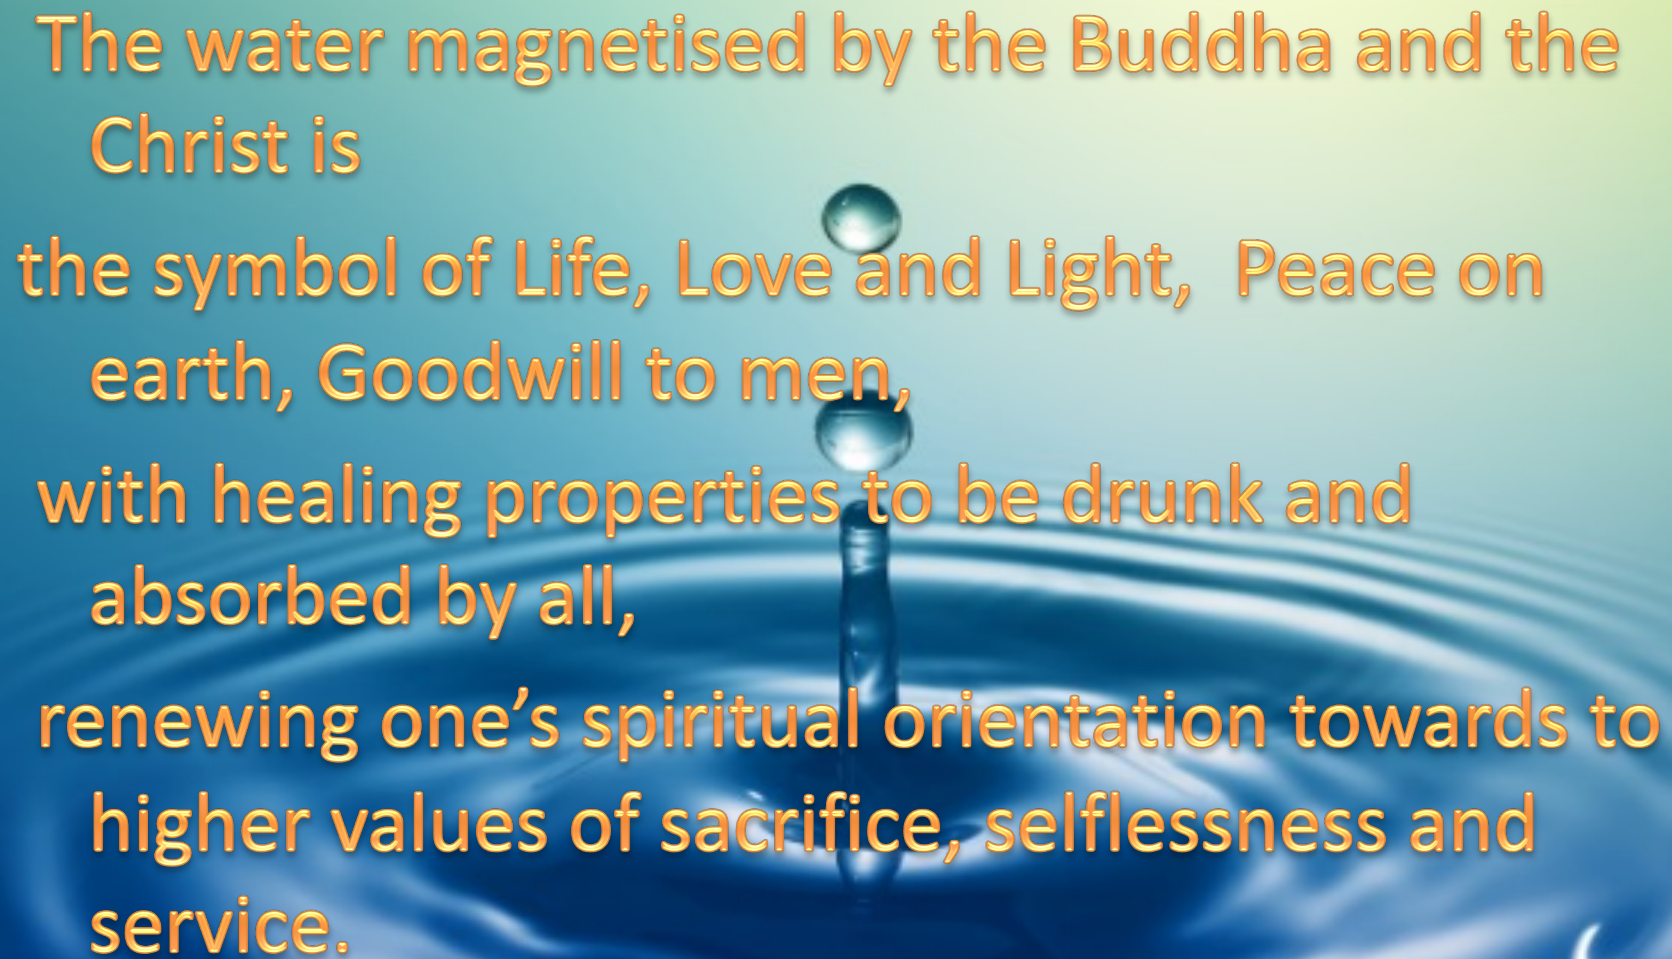

**See a shaft of light illuminate the crystal bowl of
water**

pause

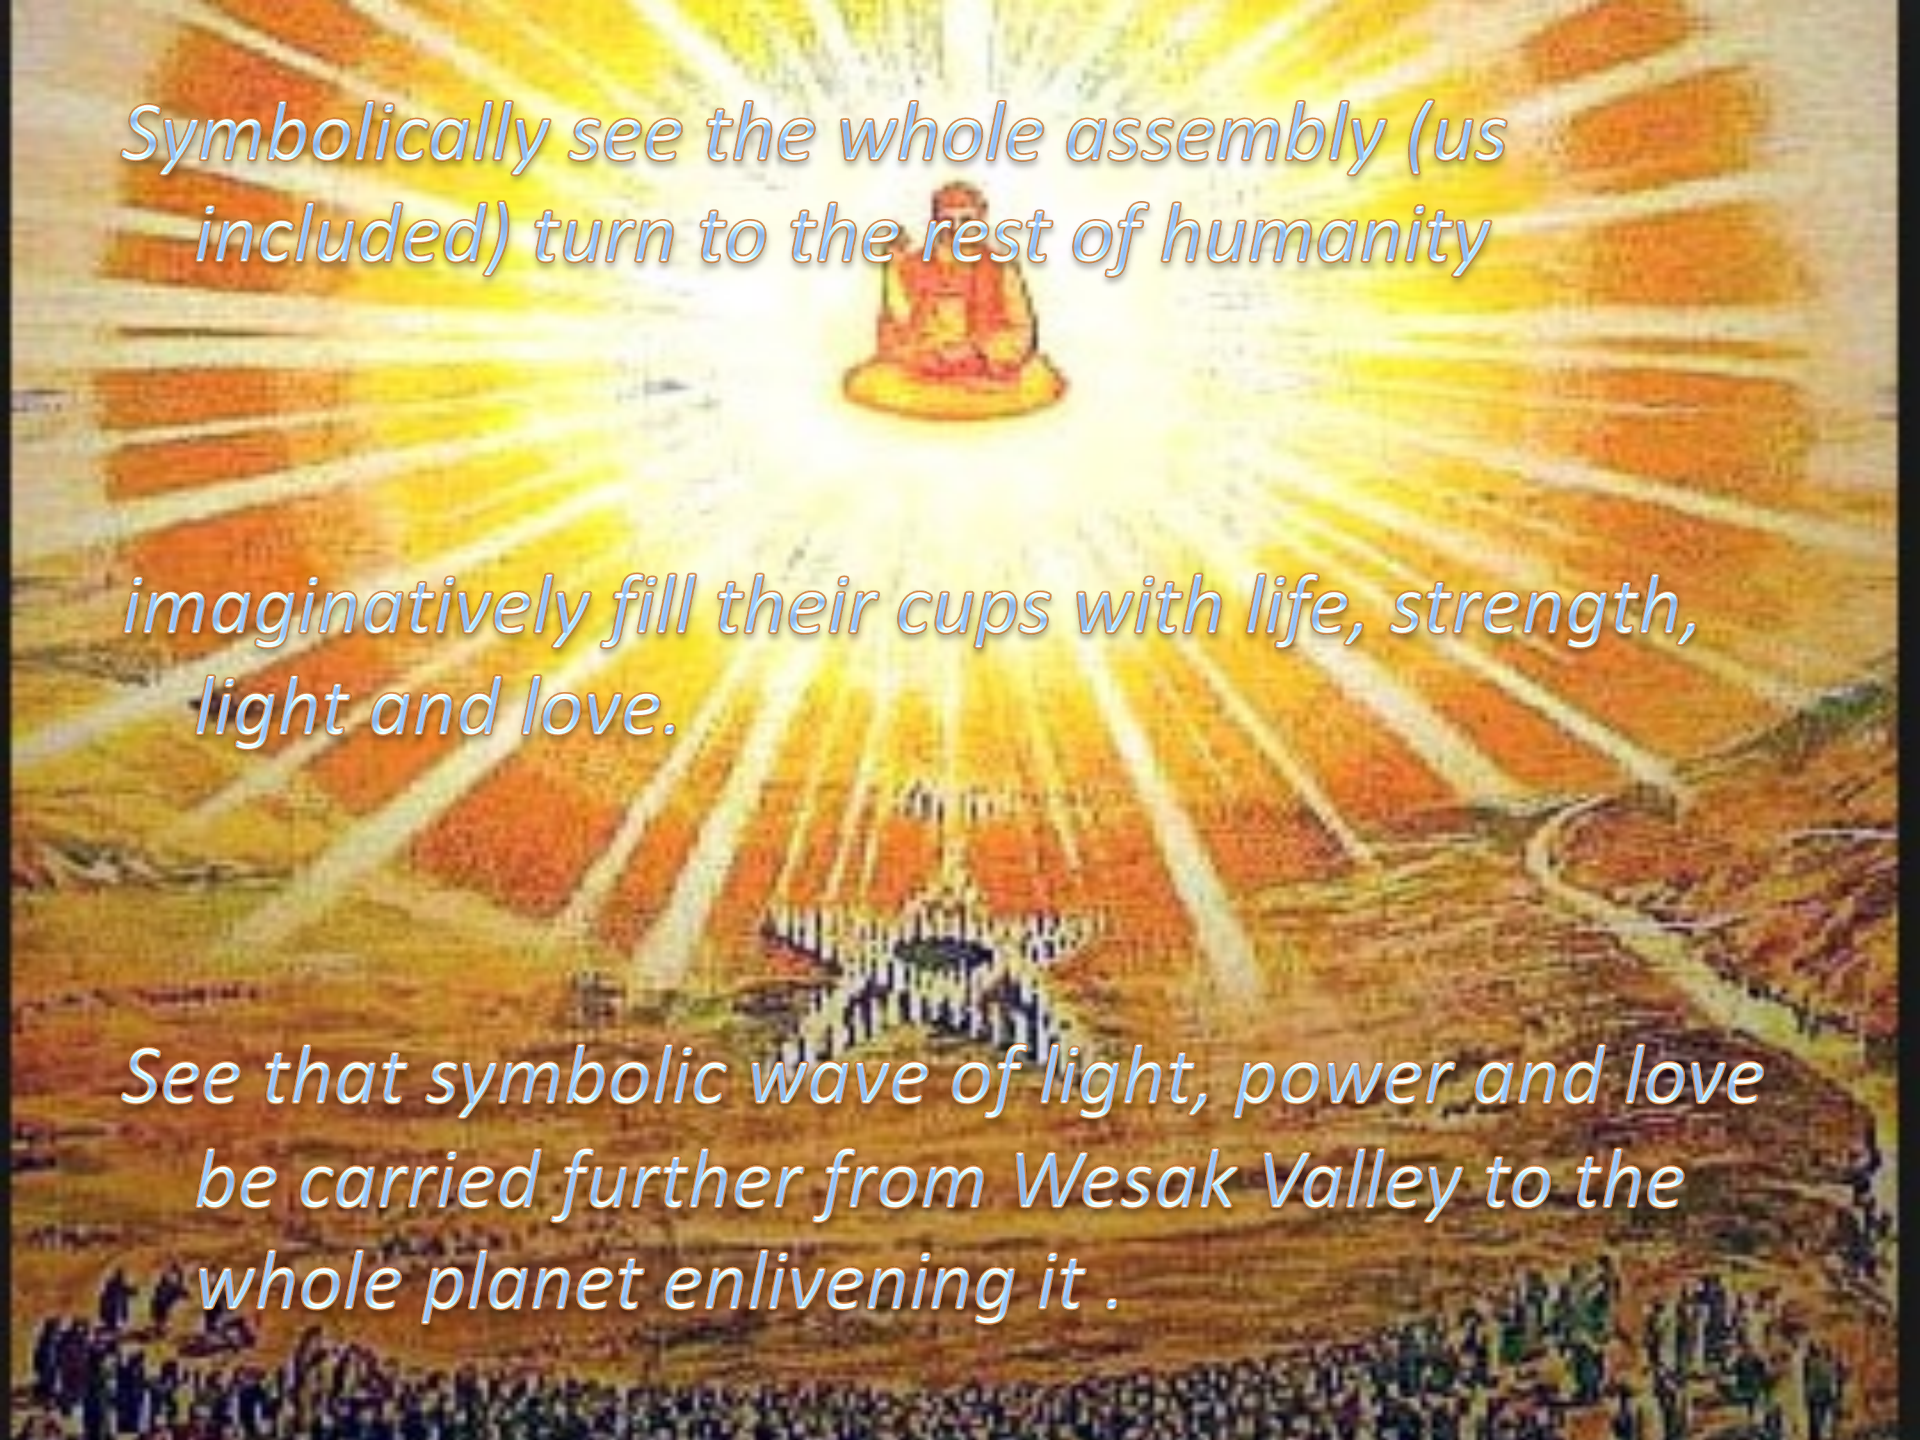

The Christ bends over, picks up the bowl of water, gently pours some in the bowls of the masters who then fill the bowls of their disciples.....

they in turn distribute to the rest of the crowd each person pouring the water of life to one another,

A true symbol of the Aquarian age, the water carrier pouring the waters of life to thirsty men ...

A close-up photograph of a single water droplet falling into a pool of water. The droplet is suspended in mid-air, just above the surface, and has just made contact, creating a series of concentric ripples that spread outwards. The water is a deep, clear blue, and the lighting is soft, highlighting the texture of the water and the clarity of the droplet.

The water magnetised by the Buddha and the Christ is
the symbol of Life, Love and Light, Peace on
earth, Goodwill to men,
with healing properties to be drunk and
absorbed by all,
renewing one's spiritual orientation towards to
higher values of sacrifice, selflessness and
service.

Symbolically see the whole assembly (us included) turn to the rest of humanity

imaginatively fill their cups with life, strength, light and love.

See that symbolic wave of light, power and love be carried further from Wesak Valley to the whole planet enlivening it .

Imagine now our planet earth
radiating out the forces of
Illumination,
enlightenment and
wisdom.

The Great Invocation

Say the great invocation as a group, **with intensity of feeling**, in unison with our healing brothers on earth and Hierarchy on the inner planes

**From the point of Light within the Mind of God
Let light stream forth into the minds of men.
Let Light descend on Earth.**

Sound a blue OM

**From the point of Love within the Heart of God
Let love stream forth into the hearts of men.
May Christ return to Earth.**

Sound a blue OM

**From the centre where the Will of God is known
Let purpose guide the little wills of men—
The purpose which the Masters know and serve.**

Sound a blue OM

**From the centre which we call the race of men
Let the Plan of Love and Light work out.
And may it seal the door where evil dwells.**

Let Light and Love and Power restore the Plan on Earth

Sound a blue OM

Raise your clasped hands above the head, and say "So let it be and help us do our part".

At the last word—bring them down to the forehead and then to the heart EP II p734
