

Dears,

Gratitude to all the sharing. Gratitude to the *Vigil* point of tension of our Ashram, in this initiatory time&space.

Now, immersed in the *receptive and liberating* Waters of Pisces, the Christ the Savior, in the exceptional Presence in It of Its Agents of transmission Jupiter and Neptune (the last time was in 1855), here is an important quote about the **Ashram** of the new Group of world Servers, which Aleksandr shared with some of the English-speaking community, on the occasion of the passage into the Light of our great servant and dearest Brother Michael:

"The inner Ashram is a focus of souls, free and unlimited; the outer Ashram—under the future Aquarian experiment—will be composed of a focus of personalities and souls. Limitation will, therefore, exist; responsibility will require conscious recognition and there will be a necessary slowing down of both action and perception in the outer space-time world.

The true Ashram (of which the coming outer Ashrams will be but reflections) is not for lower concrete mind discussion. It is *a focal point of receptivity*; it embraces the effort to establish mutual contact through an united recognition of the vision, of the esoteric basis of life and the laws governing action. It is not a place, however, for long and silent meditation processes, for it is a point of tension where, together, the Ageless Wisdom in its more esoteric aspects is discussed, where the nature of soul relationship is recognised and where the fusion of auras and the inter-blending of the "Triangles" goes forward *consciously*. An Ashram is the state of mind of a spiritual group. It is a point of united thought; it is a centre for the clarification of the vision and not of physical plane methods of work. As disciples learn to integrate themselves into a Master's Ashram, they discover that the first thing they have to do is to establish a basic harmony between themselves and their fellow disciples and to reinforce the contact between their own souls, the ashramic group and the Master. Then they learn to comprehend through discussion and experiment the nature of the energies which are seeking world expression, and the nature of the forces which must be reduced to powerlessness, if these new incoming energies are to prove effective in bringing about the desired changes under the Plan." DINA I, 707

This month of Pisces prepares us for the Great Conjunction 2022 between the two Great Mothers of solar Space, Jupiter and Neptune, which geocentrically will be on **April 12**, in the Sign of all Beginnings Aries, and heliocentrically on **June 6**, in the sign of Gemini of the Christ as the Initiator of humanity.

Let us prepare it at the point of tension of the Great Ashram of the Hierarchy:

The Great Master's Ashram frees the prisoners of the Planet!
